

Kellogg Head Likes 'Magic Mountain' Project

Emory Morris, president and director of the W. K. Kellogg Foundation, said last night that the beautiful Gatlinburg, Tennessee, ski resort would be nothing in comparison to the magnificence "Magic Mountain" when built in Hazard.

The statement from the chief executive of the famous Kellogg Foundation came at a meeting of area development leaders, Kellogg Foundation leaders, and University of Kentucky officials including Dr. John Oswald, President of the University.

Dr. Oswald called on Hazard Mayor Willie Dawahare to discuss the "Magic Mountain" project to the group during the meeting at the La Citadelle in Hazard.

Morris said that Michigan has initiated about seven or eight similar ski resort projects and have received fabulous results in the early stages.

"This would be a fine thing for Eastern Kentucky," commented Morris, "It would really help the economy of this area."

He also stated that one of the reasons for the optimistic outlook for a new ski resort in Hazard was because of the sensational success officials have had with the fine ski resort in Tennessee.

According to Morris, Magic Mountain would be approximately 200 miles closer for the residents of northern United States which contributes the biggest majority of vacationers.

The Kellogg Foundation President said that a person would have to wait in line for reservations at the multi-million dollar resort when the new Hazard-Jackson road is completed.

"I just can't understand why Magic Mountain hasn't already been built," quoted Morris, "it would really be great."

Russell Mowley, director of the agricultural division of the W. K. Kellogg Foundation, said that all of the new ski resorts in Michigan were financed by private industries.

Hazard officials, headed by Mayor Dawahare are in high hopes that a private industry will help sponsor Magic Mountain. City leaders also expressed views in which they hope that state officials will also back the project.

Robert Kerley and Glenwood Creech, vice-presidents at the University of Kentucky along with the UK president, Dr. Oswald, were in town to discuss and evaluate the Eastern Kentucky Resource Development project at Quicksand with officials of the Kellogg Foundation and local development leaders.

The group toured different parts of the area yesterday and

concluded its tour in Perry County today with visits at the Hazard Appalachian Regional Hospital and a tour of Hardburley.

A team of ten specialists in the fields of community development and family economics, adult education, youth education and industrial development is the principal feature of the project.

According to Dr. Mike Duff, chairman of the UK Kellogg East Kentucky Resource Development projects, the specialists have been in this area for the past four years working with people in this area while teaching them different skills.

Dr. Duff said that thirty-five industrial development committees are in force in Eastern Kentucky at the present time.

Considerable help has been given to motel and restaurant owners where the specialists have helped train both operators and employees for the initial type of work.

Under the original plan, the Kellogg Foundation plans to give \$750,000 for development to Eastern Kentucky over a long period of time. The \$750,000 grant is being matched by the University of Kentucky according to Dr. Duff.

The informal discussion dinner brought silence for a moment during the latter stages when a reporter questioned University of Kentucky President Dr. Oswald with this question: "Dr. Os-

wald, when can we expect an announcement on the new community college?"

Dr. Oswald replied, "I have no comment on that, it is a matter that is still under study and consideration."

Attending the meeting were: Emory Morris, President and Director of W. K. Kellogg Foundation; Russell Mawley, Director of agricultural division of W. K. Kellogg Foundation; Dr. John Oswald, President of University of Kentucky; Robert Kerley, Vice-President of University of Kentucky; Glenwood Creech, Vice-President of the University of Kentucky; William A. Seay, Dean of College of Agriculture and Home Economics at the University of Kentucky; and George Wooton, County Judge in Leslie County and chairman of the Upper Kentucky River Area Development Council.

A. R. Barber, ex-chairman of the Area Development Council; Mayor Willie Dawahare, ex-chairman of the Area Development Council; Dr. Mike Duff, chairman of the UK Kellogg East Kentucky Resource Development project; Paul Keen, county agent in Perry County; Bill Miller, Community Development Specialist of EKRDP; Kyle Vance, of the Courier-Journal; Virgil Napier, of Radio Station WKIC; W. P. Nolan, publisher of the Hazard Herald and Oscar Combs of the Hazard Herald.

Educational Bill Is Top Achievement Says Senator Cooper

U. S. Senator John Sherman Cooper told a news conference in Hazard last night that the major accomplishment in the recent Congress was the passage of the educational measure.

"This was probably the most important bill passed speaking of the whole nation," said the famed Kentucky Senator.

"The most important bill passed for us here in Eastern Kentucky is the elementary and secondary school bill which involves our public schools," commented Cooper.

The Senator was scheduled to hold the news conference at 5:30 p.m., but due to his late arrival, the conference was held at 7:45 p.m.

He was the principal speaker in a Republican Rally held in front of the new Perry County Courthouse last night at 6:30 p.m.

A reception held in his honor at the Grand Hotel, followed the speech.

When asked if he would receive a federal appointment in

Washington in the near future and not run for another term as senator he had this to say, "I never made a deal in my life with anyone and I never will."

Answering the statement concerning the possibilities of him running for the United States Senate next year he replied, "You'll probably be seeing me around."

Cooper, a well-known senator in Washington, had a great deal of involvement in the passage of the Omnibus Bill two weeks ago in both the Senate and the House and was very anxious to elaborate on the recent bill.

He remarked that the waterways legislation really began in 1953 under the Eisenhower administration and that over \$100 million has been appropriated in the last 12 years for reser-

voirs and flood facilities in Ky.

Among the reservoirs and flood facilities mentioned were the Kentucky River, Buckhorn, Carrs Fork, Red River, Prestonsburg, Big Sandy, Upper Cumberland and the Licking River.

Cooper, who is a member of the public works committee, says he is more familiar with the situation in Eastern Kentucky because all of the money that is appropriated for roads or flood controls come through the public works committee.

"Hazard and other cities on the North Fork of the Kentucky River should have good flood protection by 1968," remarked the Pulaski County native.

In connection with the Appalachian Regional Development Act which was passed earlier this year, Cooper feels that this is only the beginning for a brighter future in this section of the nation.

"I see great improvement for the tourist attraction in this area," answered Cooper, "and the extension of the new highway from Jackson to Hazard to Whitesburg and on to Ashville, North Carolina, will give us traffic from both the North and South. This in turn will bring industry to us."

In a very tense world situation, Cooper said he is afraid that the Vietnam war will not be settled for some time.

"This war is not going to end very quickly, said the sturdy-looking senator, "Communist China has nothing to lose if they can continue to get the Communist Guerrillas to fight."

He gave three points in which American people would have to worry about concerning the recent flurry of draft dodgers.

1. It may give confidence to the Communists against the American people and may encourage them to continue the war.

2. It may discourage our servicemen now in Vietnam.

3. Students that violate the law should be enforced and the He stated that in the Constitutional Rights, an individual actually has the right to free speech but that the merit of the protesting against the US action in Vietnam is very poor, and that if the law is violated, such as burning the draft card, the law should be enforced and the person prosecuted.

Another vote for the 176 million dollar state bond issue was received when Senator Cooper said that he strongly favors the bill.

He said, "I think it will be a fine thing if the bond issue passes and I would like to see the governor appoint a bi-partisan committee to oversee the expenditures and put the money to the right places."

Cooper assures the public that the prime purpose of the bond issue is for roads, but that some of the money will be used for schools, parks, etc.

COPY—10c

Queen Candidates

THE 1965 HAZARD HIGH SCHOOL HOMECOMING ... Court will be presented at the half-time of the Hazard-Evarts football game Friday night with one of four seniors being chosen as the Homecoming Queen. Left to right in the front row are: Ruby Chapman, Margaret Goodlette, Janie Miller, Karen Hurt, and Patti Campbell. Second row: left to right are: Karen Manis, Sheila Davis, Mary Sue Webb Carol Ann Martin, and Mary Sturgill. In the third row are Mrs. Brenda Stacy and Mrs. Martha Wirtz, Homecoming chairmen.

Vicco Receives \$3,000 Grant

The City of Vicco has received a grant of \$3,000.00 from the Community Facilities Administration of the Housing and Home Finance Agency in Washington for a gas distribution service for the city.

Bert McGraner, Chairman of the city board of trustees, presented the check to local engineer Jack Adams, who is also city engineer for Vicco, yesterday.

Vicco has also requested for two other grants, one of \$5,000 to plan a water system for the city. According to city officials they expect word on this grant by early November.

The other grant that has been applied for is for \$35,000 to construct parking facilities in Vicco. The L&N has removed all the old side tracks within the city giving them ample room for parking area.

Vicco officials are expecting an okay from this grant any day now.

When approved the grant will provide for parking meters, excavation, retaining wall, sidewalks and paving.

Plans for both grants have been submitted to the Atlanta office for final approval.

Construction on the parking

Bulletin

A hearing will be held to right at Memorial Gymnasium at 7:30 p.m. on the 176 million dollar bond issue which is to be voted on next Tuesday.

Everyone is invited to attend this non-partisan rally which is being sponsored by the Perry County Citizens Committee for the bond issue.

Carl D. Perkins To Address Rally

Congressman Carl D. Perkins will address a Democratic Rally in Hazard tomorrow beginning at 2 p.m. according to Ann Baker, co-chairman of the Perry County Democratic Campaign Committee.

The speaking will be in front of the new Perry County Courthouse. Everyone is invited to attend.

Candidates To Close Political Campaign

Just four more days remain for the various candidates in the county races to get in their bid for votes. Tuesday is the General Election and will bring to a close a very hotly contested campaign.

Voters will choose a state representative, all county officers, and magistrates and constables as well as to either vote the proposed 176 million dollar road bond issue in or out.

The Perry County Election campaign has been a rough one for most of the candidates as each have put in many long hours in hopes of winning his or her office they are seeking.

Taking a close look at some of the races in Perry County: Alex McIntyre, R., goes against Lewis Hopper, D. for the state representative office in the 97th district; J. A. Smith, R. is seeking an unprecedented fifth term as Perry County Judge with Democrat Harve Hensley providing stiff competition; one of the closest races appears to be that of Jailer where Arnold "Grapevine" Whitaker, D. is trying unseat the present office holder Bill Kelly, R.

In the Sheriff's race it's Lowell "Speck" Cornett, D. against Roland Baker, the Republican candidate; The County Court Clerk battle looks like a good one with Jessie Horn, R. seeking her fourth straight term against Earl M. Deaton, D.; Calvin Manis, D. is attempting to win his second straight term as County Attorney over the Republican's Vernon Faulkner; Robert Ken Terry and Taylor Browning are battling for the coroner's office, Terry the Democrat and Browning the Republican nominee.

The Tax Commissioner's Race between Republican Roy Johnson and Democrat Clay Ford looks like another good one to watch.

The Fourth District Magistrate's race is shaping up for a good battle with Jesse Paul Engle, R. attempts to unseat Pearl Strong, D. for that office.

Hurshel "Red" Smith, D. and Arthur Gay, R. are representing their parties as candidates for constable in the fourth district.

The present county officers who were defeated or did not seek re-election include Sheriff Charlie Combs and Judge Babe C. Noplis.

The long hard fighting will all be over as the voters flock to the polls next Tuesday to pick those they want to serve them for the next four years.

The polls in Perry County will open at 6 a.m. Tuesday and will close at 5 p.m.

The Hazard City Elections have been the talk of the town for the past few weeks as Willie Dawahare and M. K. Eblen are battling for the Mayor's office.

Dawahare is the present mayor and Eblen has served previously as head of the city government.

City voters get the opportunity to choose four new city commissioners with Lothair residents getting their first chance to have a say in the voting. Seeking the four commissioner

Top Officials In Hazard.

(Staff Photo)

University of Kentucky and Kellogg Foundation officials are shown at the dinner held at LaCitadelle last night. The meeting centered around the discussion of the Eastern Kentucky Development Project at Quicksand which is being sponsored by the Kellogg Foundation. In the picture left to right are: Glenwood Creech, vice-president of University of Kentucky; Emory Morris, president of Kellogg Foundation; Hazard Mayor Willie Dawahare; UK President John Oswald and an unidentified official.

Several Causes of Death Listed

Since the beginning of time, disease, war and Father Time were the cause of nearly all deaths throughout the world. Science and medical profession has either wiped out, or alleviated the stigma from these killer diseases, while the nations of the world are striving to eliminate wars, which has not been accomplished. But some progress has been made. While they struggle to lessen the death toll from the old killer, a new menace appeared in America. The automobile (which was designed for pleasure and the speed of progress) has become the number one killer with the cooperation of the American public. We seem to forget our obligations to others when in the driver's seat. This irresponsible attitude is the cause of most highway accidents that are taking lives at an alarming rate. Kentucky highway deaths during 1964 were over 900 and an early trend points to a much larger toll for 1965. The majority of these deaths could have been avoided had the drivers been alert and capable of foreseeing the danger ahead and acted accordingly. There will always be some accidents caused by mechanical failure, nature or other uncontrollable obstacles. This is to be expected, but this highway carnage will continue and increase until every driver can be made to realize when getting in the drivers seat that death for them and their passengers is only moments and inches away if they fail to respond to their responsibility.

We have seen parents weep as their boys were leaving to be inducted into the armed forces and it was natural and proper for their doing so. I have also seen these parents smile and congratulate sons on their accomplishments after passing the required drivers test and get their permits to drive. They don't seem to realize this permit allows them to participate in a pastime or vocation that is killing more people than all the phases of military service.

If it were possible for someone to come forth with a panacea or plan that would end this condition, their names would be placed in the world Hall of Fame along side Pasteur, Madame Curie and other great humanitarians. This will never be done because the responsibility rests with the American public, and not until we individually accept this obligation and rid in preventing the irresponsible from getting into the drivers seat.

Laws are made and patrolmen are hired to assist in making highways safe, but without our cooperation they are helpless. They can only offer assistance after the damage is done. Insurance companies sell protection that pay property and personal damages that result from accidents. They also pay stipulated sums to the families of those killed, but there is nothing that will restore the lives of those who died, but proper action on the part of someone could have prevented their dying.

Grocer Participation In Stamp Program To Be Explained

The procedure for grocer participation in the new food stamp program in Harlan County will be explained to food retailers at two meetings next week. The U. S. Department of Agriculture's Consumer and Marketing Service announced today.

The new food program, which will aid low-income families in Harlan County, is scheduled to get underway November 8. Thirteen other eastern Kentucky counties already have food stamp programs in operation, with three of the latest—in Lee, Morgan, and Wolfe—beginning October 4. Pike County also will begin its program November 8, bringing the number of Kentucky counties in the program to 15.

Keith Alley, food stamp program official of the Consumer and Marketing Service at Hazard, said the two grocer meetings will be held Wednesday, October 20, at 2:30 p. m. and 7:30 p. m., in the Harlan County Courthouse at Harlan.

Alley said the meetings are designed to acquaint retail grocers with the new food stamp program. Alley and other representatives of the Consumer and Marketing Service will explain how food merchants can apply for participation in the food stamp program, the retailers' responsibilities under the program, and how the program benefits grocers and the entire community.

Every retail food merchant in Harlan County is being urged to attend one of the two meetings, and apply for authorization to accept the food coupons. Alley points out that if grocers wait until after the program gets started to apply for authorization,

they may lose several food stamps and possibly some customers permanently.

Authorization of food merchants—both retail and wholesale—is handled by the Consumer and Marketing Service. Retail grocers must be authorized before they can accept coupons from participating families. Without an authorization, a grocer cannot redeem the coupons for cash.

The food stamp program in Kentucky is administered jointly by the Consumer and Marketing Service and the Kentucky Department of Economic Security. The Department of Economic Security is responsible for interviewing and certifying eligible needy families, and for issuing the USDA food coupons to the families.

AMONG THE SICK

Several Hazard area residents remain on the sick list. Mr. James H. Bailey is reported to be doing fine following an operation for gall stones in a Boston Hospital.

According to reports he will return to his home in Wabaco within the next two weeks.

Hazard High School Principal John C. Stringer is a patient at the St. Joseph's Hospital in Lexington. No word yet on his condition.

Also at the St. Joseph's is Mr. Scott Whitaker of Chavies. Mr. Whitaker was critically injured and his wife killed in an auto accident last Friday night at Chavies.

According to reports Mr. Whitaker is improving at this time. Mr. Charlie Whitaker remains in Mt. Mary Hospital but is in good condition following an automobile accident in Lexington some four weeks ago.

Homer Eversole is also a patient at Mt. Mary where he is listed in Good condition.

Johnny Robinson, an employee of the L&N Railroad Company, is a patient at Mt. Mary and he is listed in fair condition.

Hazard Urban Homemakers Have Casserole Luncheon

The members of the Hazard Urban Homemakers were entertained at the regular monthly meeting on Thursday, October 21st, with a Casserole Luncheon at the home of Mrs. Robert H. Marcum, 315 Lytle Blvd. Mrs. Alva Hollon and Mrs. Clay Ratliff were also hostesses.

Fourteen members and two guests were served a delicious luncheon consisting of Chicken Almond Bake and Hamburger Straganoff Casseroles, tossed salad and pumpkin chiffon pie.

Following the luncheon the business meeting was called to order by the President, Mrs. Don Ward. Mrs. Wilcox Francis opened the meeting with a devotional entitled "God's Great Picture".

Minutes of the previous meeting were read by the Secretary, Mrs. Gene Combs. The regular order of business was conducted with reports of chairmen of standing committees.

The project selected for the year will be kits containing essential grooming aids for teenage girls in High School to be distributed at Christmas. Mrs. Marcum will be in charge of the selection of the recipients.

Mrs. Jean Thomas and Mrs. Irene Francis will attend the next month's workshop and present the program for November. The lesson will be "Decorating Foods".

Mrs. Hollon and Mrs. Marcum presented the program of "Casserole Cookery". They stated that Casserole-type cookery enjoyed by the modern homemaker is one of the oldest methods of cooking. Modern equipment enables today's hostess to prepare and serve delicious casseroles. Foods cooked this way are: Tasty; Especially so if you give thought to the combination of foods, the herbs and spices used to season, and the method used in combining. The

foods used should be put in layers so each will not lose its specific flavor. Attractive; Serve in a "smart" container and "dress-up" the top with buttered bread crumbs, fried onion rings, pastry or cornmeal topping. Satisfying To The Appetite: It is usually a combination of a protein, a vegetable, a starch and a sauce. Nutritious: Foods chosen from the four groups which give us food for fitness will furnish the food nutrients for good health. Economical Or Extravagant: Depending on foods used and the condition of the food budget. Lastly, the one dish meals are convenient: They are perfect for the carry-out supper to church or civic socials. They can be made in advance and kept in the refrigerator or frozen for future use.

Today's decorative cooking and serving equipment enables the hostess to serve casseroles with style as well as convenience. Many go directly from the freezer into the oven, but read the instructions on your new equipment before subjecting it to freezer-to-oven temperatures. New recipes and menus were distributed to all present.

Members present were: Mesdames: Wilson Francis, Joseph Castagnaro, Alva Hollon, Don Ward, W. H. Minor, Thomas Fain, Clay Ratliff, Robert Marcum, Chalmers Lindon, Gene Combs, Jasper Smith, John Naegele and Claude Cresch. Mrs. Betty Wright and Mrs. Mary Wombles were guests.

Hazard Homecoming Festivities

(Continued From Page 1)

Program is the Homecoming Football Game between the Hazard Bulldogs and the Evans Wildcats. That will get underway at 8 p. m.

Then at halftime of the game will be crowned for this year will be crowned by last year's queen, Linda Renee Ritchie.

Hazard Mayor Willie Dawahare will present the queen princess and runner-up with keys to the city.

After the game a big Homecoming Dance will be held for the players and their dates at the Gym.

Tickets will be sold for the dance at the game for 50c. A live band will furnish the music for the dance.

The Mayor said yesterday that he would honor Mrs. Erman Wertz at halftime with a key to the city for her work in the Homecoming.

The Hazard Homecoming Queen will be chosen from one of the following young ladies: Janie Miller, Sheila Davis, Mary Sue Webb, Ruby Chapman, Karen Manis, Carol Ann Martin, Mary E. Sturgill, Margaret Goodlette, Pattie Campbell, and Karen Hurt.

Hazard High will be forced to go through its festive without its principal John C. Stringer. He is in a Lexington Hospital. Stringer was hospitalized last week here in Hazard but has since been moved to Lexington.

Participating in the big parade will be the following persons and the cars they will be riding in:

1. Police cruiser; 2. Chief Sizemore in fire truck; 3. Chief Luttrell in police motorcycle; 4. HHS Band; 5. past queen Linda Ritchie in the Booster's Club car; 6. Convertible float by the Y-Teens Club; 7. Margaret Goodlette in VFW; 8. float by Drama Club; 9. Mary Sturgill in Mason's; 10. convertible float with Broadway cheerleaders; 11. float by Journalism Club; 12. Karen Manis in Javcoes; 13. boat float by Junior Mountain View Gardenettes; 14. Mary Sue Webb in Rotary; 15. Ruby Chapman in Women's Aux; 16. eleven in Shriners; 17. Janie Miller in Cheerleaders; 18. float in Annual Staff; 19. Patti Campbell in Quill Scroll; 20. convertible float in Beta Sigma Phi; 21. Sheila Davis in FHA; 22. float Quill and Scroll; 23. Karen Hurt in R and P; 24. float in Science Club; 25. amphibian in Perry County Res-

cue Squad and 23. Carol Ann Martin.

Candidates name cards may be picked up at the line-up.

The parade line-up will start Friday at 3 p. m. at the gym, proceed to Lovers Street, High Street around the Ashland Service Station and down Main Street. Decorated entries will be eligible for first, second, and third place trophies to be presented at halftime of the Hazard-Evans game.

A Statement By William B. Sturgill

The following is part of a statement issued today from Bill Sturgill, President of the Hazard Independent College Association, in regards to the 175 million dollar bond issue and its effects on Perry County. The remainder of the statement will be carried in Monday's Herald.

The two ills that have long plagued the progress of East Kentucky, namely, Roads and Education, can be cured by the passage of the proposed Bond Issue. If the Bond Issue is passed, the educational progress in Kentucky at the Primary, Secondary and College levels will receive directly in appropriations 22 million dollars. In addition, they will receive 95.3 million dollars in matching funds from the Federal Government; thus, making a total of 117.3 million dollars to stimulate, support and improve educational facilities for the youth of Kentucky. No greater need do we have today, than to offer educational advantages to our children.

East Kentucky has long needed constructive improvement in their Secondary and Primary Highway system, and the Bond Issue in question proposes 139 million dollars for the construction and completion of roads; plus, Federal matching funds of 597 million dollars. This makes a grand total of 736 million dollars to be spent on the Road program in Kentucky. Much of this money is designated to be spent on projects that will effect East Kentucky. Don't you think this type program deserves the support of East Kentucky People?

Jack W. Melton Dies At Mt. Mary

Jack W. Melton, 83, of Wabaco died Wednesday, October 27, at the Mt. Mary Hospital of a stroke. He was a member of the Church of Christ and a retired merchant from Leslie County.

He is survived by his wife, Lucie; two sons, Robert of Whitesburg and Dan of Farler and seven daughters. Mrs. Mollie Baker of Hazard, Mrs. Mary Miniard of Wooton, Mrs. Myrtle Thompson of Daytona Beach, Florida, Mrs. Lizzie Kilburn of Frew, Mrs. Judy Ruth Rains of Louisville, Mrs. Ruby Farmer of Manchester, and Mrs. Lucille Bailey of Hamilton, Ohio.

Two sisters, several grand and great grandchildren also survive.

Funeral services were held Friday, October 29, at 1 p. m. at the home at Wabaco with Reverends Malcolm Brownlee and Leonard Hood officiating.

Burial was in the Riverside Cemetery with the Brashear Funeral Home in charge of arrangements.

SAY YOU SAW IT IN THE HERALD

(Staff Photo)

City Of Vico Gets \$3,000

PRESENTING JACK ADAMS, ENGINEER . . . for the City of Vico, with a \$3,000 check for the preliminary plans on a gas distribution system for the City of Vico is Bert McGraner, chairman of the Board of Trustees while J. C. Campbell, right, looks on. Campbell is city treasurer.

Re-Elect

William C. Dawahare

For

MAYOR

1. It is common knowledge that the present Mayor has had no control of the city affairs because the votes of the present and past commissioners have taken away his authority. Therefore, any indebtedness incurred during the last four years was voted and passed by a majority of the commissioners, over which Mr. Dawahare had no control.

2. I would like to state that there has been no increase in taxes during Mr. Dawahare's administration. Any increase in taxes within our city was voted on and passed by the previous administrations.

3. Mr. Dawahare is not for any increase in taxes. He is against the payroll tax. He is against the garbage tax. He is against the City sticker — but due to commitments of indebtedness brought on by past administrations — the present tax structure cannot be changed. But he assures the citizens of Hazard that at any time he sees it feasible to eliminate any of the above taxes he will surely call it to the attention of the commission.

4. My opponent has brought up the question as to why the present water system was extended to Combs, Airport Gardens, and Bulan. Through our good friend and representative The Honorable Carl D. Perkins, we were able to procure a government grant to take care of the greater portion of this indebtedness incurred. This was done with the anticipation that Combs, Airport Gardens, and Bulan would have their own fire departments, which they are now in the process of establishing.

5. Can Hazard live alone? Should the business people of Hazard not offer a helping hand to neighbors and friends of bordering communities?

6. Mr. Dawahare believes that Hazard cannot remain stagnant and live within itself.

7. If we are to prosper — he believes in helping the youth of our city and county — which he has done. The present Neighborhood Youth Program brings in approximately \$30,000 each month to Hazard and Perry County. Mr. Dawahare, through his efforts, was assured that Hazard was offered a grant for a new modern Municipal Building which would house all city offices, plus Fire Dept. and Police Dept. This was voted down by the present commissioners. They could not agree on a building site.

8. On the Water-Sewer System May 31, 1965, the City owed \$1,337,000 NOT \$2,151,879.12 as has been reported. Also, we have MODERN water plant and sewerage disposal plant.

1. On the Parking Meter debt in 1959 we owed \$113,000 in 1961 \$102,000 and in 1965 \$77,000. We have never defaulted or revoked on bond or obligation.

These are changing times. Willie is progressive. He is trying to keep up with the times. Hazard is a growing city and needs a "CAN DO" Mayor for its future progress.

IF YOU CARE — VOTE FOR DAWAHARE

ASK ANN
LANDERS

Dear Ann Landers: I've read quite a lot about boys with long hair and how their parents can't stand it. I'll tell you how we handle the problem in our family.

Our 17 year old son, Larry, decided he wanted to look like one of those singers. He used his haircut money to buy more records. Soon his hair was falling over his eyes in front and nearly reached his shoulders in back.

My husband announced at dinner that in his opinion anyone who wants to look like a dog to be registered. Yesterday he went to the Chicago city hall and bought our son a dog license. Larry was registered as an Afghan male who answers to the name "Ringo." My husband handed him the tag at the dinner table and said, "I think you ought to wear this."

Tonight Larry's hair is noticeably shorter. It was the best \$2.00 my husband ever spent. — CHICAGO MOM

Dear Mom: Your letter is a gas — but it's a phony. In Chicago you can't get a dog license unless you present a certificate from a veterinarian proving that your dog has had rabies shots.

I'm often asked how I can tell the fakes. Checking the facts is one way.

Dear Ann Landers: Please tell us what to do about "night raiders." Our sons, Bobby and Tommy (4 and 5) share a room. Two weeks ago they started sneaking out of bed and going into the goodies. They climb on chairs and help themselves to marshmallows, candy, cake and ice cream. There isn't anything they can't reach.

Both my husband and I have scolded the boys but it doesn't do any good. We decided to tie them in their beds with shopping harnesses but they put up such a fuss that we took the harnesses off after two sleepless nights.

Please tell us what to do, Ann. — OUT MANEUVERED

Dear Out: Remove their bedroom door and install a metal gate which can be opened only from the outside. This should end the night-raiding.

The central problem, however, is getting your kids under control. If you are unable to discipline them at the ages of 4 and 5, what do you propose to do when they are 14 and 15?

Dear Ann Landers: Our 16-year-old niece just told her mother she is four months pregnant. We are all in a state of shock. It's the first time anything like this has ever happened in our family. If Carol Lee could be married quietly it might help save the family name, but she doesn't know who the father is. If you met Carol Lee you'd say she is a perfect lady — quiet, reserved and on the shy side. And that brings me to the point of this letter.

It's the sweet, innocent girls who get into trouble. The experienced chippies are far too wise. So why is the girl who has a baby out of wedlock branded as "bad?" The very fact that she gets into trouble is proof of her innocence. Please print this letter and back me up. — CAROL'S AUNT

Dear Aunt: Sorry, but I don't have any good conduct medals lying around for sweet, innocent young things who get pregnant and don't know who the father is.

Maybe Carol Lee WAS sweet and innocent but you must agree that somewhere along the line her status changed.

Liquor can ruin your mind, your body and your life. To learn the booby traps of teen-age drinking, write for Ann Landers' booklet, "Teen-age Drinking," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Methodist MYF Plans "Slave Day"

The MYF of Bowman Memorial Methodist Church are planning a "Slave" day this Saturday, October 30, beginning at 10:00 a.m.

If you have odd jobs you wish done such as taking down screens, raking leaves, washing cars, light house work, or like jobs call the Methodist Church this Saturday after 10:00 a.m. A crew of young people will be dispatched as your slaves. They will do you a good job and then you will pay them what you think the job is worth. The proceeds will go to the MYF Hymnal fund to purchase 25 new hymnals for the use of the church.

Listen daily to WMTG, 730 kc a Christian radio station, Van-Cleve, Ky., 8 a.m. to Sunset, Sundays 12 noon to 4 p.m.

A Message From Charlie Hammonds,
Candidate For City Commissioner

I would like to thank everyone who supported my candidacy for City Commissioner in the Primary election and ask again for their support in the general election November 2.

I am not obligated to ANYONE other than myself in this election. My only aim is to work for the people of Hazard, Walkertown and Lothair, and the progress of all needed projects.

I am a resident of Lothair, which has recently become a part of Hazard, and feel that we should be represented by a City Commissioner. If elected, I will work for all of Hazard.

Charlie Hammonds

Martha Goldsmith Is "Teenage Safe Driver"

Miss Martha Dean Goldsmith was presented with a Certificate of Merit as "Teenage Safe Driver" by Mrs. John Hall of the State Highway Office, at the B&PW Club Luncheon Wednesday, October 20, at Don's Restaurant. Also shown in the picture are, sitting, Mrs. Bess Draughn, standing, left to right, Mrs. Martha Wirtz, Mrs. Era Boone Ferguson, Miss Goldsmith, Mrs. Hall, Mrs. Eliza Jane Shackelford, Mrs. Grace Strong, and Mrs. Kathryn Kimberlin.

Beta Sigma Phi Members
Meet At Jenny Wiley Park

Seventy-five members of Beta Sigma Phi from chapters in Pikeville, Hazard, Whitesburg, and Middlesboro, met at Jenny Wiley State Park on October 24 with the Beta Kappa Chapter of Whitesburg as hosts.

The Pikeville Exemplar Chapter was in charge of a game of Get Acquainted Bingo as members gathered at the May Lodge to register for the meeting.

A Swapping Bee followed with members of the different chapters telling about social and civic activities, and program and rushing plans for the coming year.

After a luncheon, representatives from each chapter provided entertainment. "The Mischords" of Hazard, Rayma West, Elmo Charles, Velma Greer, and Margaret Rector, accompanied themselves on the guitar and sang "Alley Cat". Margaret Rector then sang "Sweet Charlie".

The very versatile and talented Barbara Baker of Whitesburg sang an operatic aria from "Cavalleria Rusticana", gave a

comic reading about attending a football game, and then played a Boogie Woogie arrangement on the piano.

Irene Smith, also of Whitesburg, gave an entertaining imitation of Phyllis Diller.

Decorations for the luncheon were in keeping with the theme "Crown Every Moment". Cissy Martin of Hazard won the door prize.

Members of the Alpha Xi Chapter attending the meeting were: Mrs. Jack Fitz, Mrs. Chalmers Lindon, Mrs. Bill Rector, Mrs. Perry Greer, Mrs. Charles Simpson, Mrs. Jack Amburgey, Mrs. Jack West, Mrs. Dean Rogers, Mrs. Herb Charles, Mrs. Shirley Martin, Mrs. Rita Campbell, Mrs. Touleek Shaheen, Mrs. George Kawaja and Mrs. Bruce Stephens.

By Joan Hall

Our title is certainly being lived up to in our office this week. It's been a whirl for the past two or three months, and promises to be that way for many days to come.

We would like to express our appreciation to our many friends and customers who have been so kind and patient when we have to hold their news until our next issue of the paper. For any business to succeed, it needs patrons like this.

To all of our candidates, we wish the best of luck. We urge everyone, no matter what their political affiliation to use their "God Given Right" and go out to vote next Tuesday. Remember, you and only you have the right to choose whom you want to represent you for the next four years in both the city and county. To aid you in selecting your candidates, there are ballots of each district and one of the city and vice in today's paper.

Our best wishes are sent to the following people on the sick list this week: Jim Bailey, Charlie Whitaker, Homer Eversole, Johnny Robinson, Scott Whitaker, and Principal John Stringer.

Had a lovely visit with an older couple, Mr. and Mrs. James Napier, of Viper, who came by our office to renew their subscription for the Herald a week or so ago. It was certainly a pleasure to talk with them. Mrs. Napier tells us that

she enjoys reading the paper, especially the rural news. We are looking forward to seeing them again next year.

P.T.A. Plans

Book Fair Nov. 4

The Hazard PTA will sponsor a Book Fair at the Central Office Building Auditorium, November 4 and 5 from 7 to 9 P.M. Central Office Building is on Broadway and was formerly Lower Broadway School.

This Book Fair will feature books from many publishers for students of elementary and High School ages and will be open to anyone who cares to attend. Orders will be taken and the sample books may be purchased after the fair.

The PTA hopes that all residents of this area will take this opportunity to see the books and perhaps buy books for their children. Books also make excellent gifts.

ATTENTION

The Hazard Herald has republished a documentary of "Old Club Jones", a famous 18th Century mountaineer. A great deal of Perry, Letcher and Knott County history of these areas is in the book.

Anyone renewing or purchasing a subscription will receive a free copy of the publication or the book can be purchased for \$1.00.

Shower Honors
Miss Diane Davis

Mrs. Odra Buckner and Mrs. Mildred Matthews honored Miss Diane Davis, bride-elect of Wendell Ogrosky, with a shower Saturday night, October 23, at the home of Mrs. Stanley Ogrosky.

Those present were: Diane Davis, Mrs. Hugh L. Davis, Mrs. Mollie Combs, Mrs. Daisy Combs, Mrs. Alma York, Mrs. Katherine Combs, Mrs. Elizabeth Cornett, Mrs. Delores Cornett, Mrs. Francis Napier, Mrs. Albert Adams, Mrs. Barbara Napier, Mrs. Nancy Martin, Mrs. Maxine Hall, Mrs. Louanna Lykins, Mrs. Callie Combs, Mrs. John S. (Ma) Combs, Mrs. Bess Draughn, Mrs. Martha Ogrosky and the hostesses, Mrs. Odra Buckner and Mrs. Mildred Matthews.

Among those sending gifts but unable to attend were: Mrs. Sallie Hall, Mrs. Beulah Flinchum, Mrs. Zola Hall, Mrs. Mae Browning, Mrs. Carol Combs, Mrs. Pauline Beams, Mrs. Golden Gillum, Mrs. Mattie Wyatt, Mrs. Zola Igo, Mrs. Jean Hall and Mrs. Emma Brashear.

Games were played and refreshments of coffee, punch and cake were served.

Miss Davis received many beautiful gifts.

Mrs. Combs Hosts
Friendship Club

Mrs. Aileen E. Combs entertained members of the Friendship Club with a dinner served at her home on Broadway Friday evening. She was assisted by her daughter, Miss Wilberta Combs.

Members present for the occasion were: Mrs. Mollie Morgan, Mrs. Sallie Belle Smith, Mrs. Maizie Phillips, Mrs. Bess Draughn, Mrs. L. E. Bolton, Mrs. W. G. Beaven, Mrs. Melba Beaven, Mrs. Jessie Hobbs and the hostess, Mrs. Aileen E. Combs.

Guests were Florine Adkins, Mrs. Bonnie Seale, Miss Eva Lee Smith and Mrs. Louise Luttrell.

DAVIS' VISIT IN JEFF

Mr. and Mrs. Hugh L. Davis and daughter, Diane, and Mr. Wendell Ogrosky, from Lexington, were the weekend guests of Mr. and Mrs. Stanley Ogrosky and son, Vaughn, of Jeff.

Mrs. Clifton Barnett and daughter, Sharon, spent the weekend in Lexington visiting Mr. and Mrs. Frank Frasure. They were joined there by Mrs. Barnett's son, Freddy Barnett, a freshman at Eastern State College in Richmond, who also visited the Frasures.

NEBRASKA RESIDENTS HERE

Mr. and Mrs. Gilmore Bobbitt, Craig Street, have had as their guests, Rev. and Mrs. W. H. Clem, from Leigh, Nebraska.

EVANS RETURN FROM OHIO

Mr. and Mrs. French Evans, East Main Street, have returned from a ten day stay in Cincinnati, Ohio, where they visited Mr. and Mrs. Clayton Mohr, Mr. and Mrs. Charles Goble and Mr. and Mrs. Lamar Evans.

Mr. and Mrs. Richard Conrad, from Sandusky, Ohio, were visitors in Hazard Wednesday. They are the houseguests of Mr. and Mrs. Joe Stidham in Krypton.

Mrs. Bertie Turner, Deaton Street, had as her guests this past week her brother and sister-in-law, Mr. and Mrs. Arthur Combs, from Dayton, Ohio.

MISS RITCHIE ADMITTED TO ARH

Miss Betty Lou Ritchie, a teacher at the Dennis Wooton Elementary School, was admitted to the Appalachian Regional Hospital Tuesday where she is undergoing medical observation.

Mrs. Luther Akemon and Mr. and Mrs. Harold Akemon spent the weekend in Trenton, Ohio.

Mrs. Margaret Mitchell, Baker Avenue, had for her weekend guests, her son, Mr. George Mitchell, and his daughter, Tracy, from Fern Creek.

The Christian Book Store

has had some remodeled changes and also a new worker there, Miss Janis Ritchie, of Ritchie is a clerk there and enjoys her work.

D. of A. Annual District Rally

Held At Dennis Wooton School

The Annual District Rally of District No. 10 of the Daughters of America was held at the Dennis Wooton Elementary School Saturday, October 23rd, with the District Deputy, Mrs. Floyd Baker, presiding.

The welcome address was given by Mayor Willie Dawkins and the response by Miss Juanita McIntyre, from Dayton.

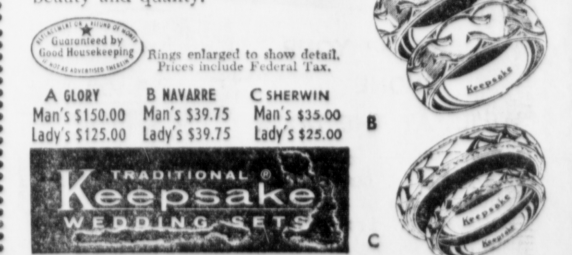

The principal speaker for the occasion was former Governor Bert T. Combs, from Lexington.

Persons from out of the county attending the meeting were: Mr. and Mrs. Bradley Williams, Mrs. Rachel Vermillion and Mrs. Pearl Messer, from Corbin; Mrs.

Janie Walters, Mrs. Pearl Lutz and Mrs. Ora Dunnaway from Louisville; Mrs. Amy Willis and Mrs. Alice Webster, from Williamstown; Mrs. Mildred Edwards, from Highland Heights; Mrs. Elsie Craft, of Fort Thomas; Mr. and Mrs. Bill Etherington, of Versailles; Mrs. Jessie Raybourne, of Olive Hill and Mrs. Charlotte Rulan, from Alexandria.

Eternal symbols of that "day of days" . . . by Keepsake . . . your best assurance of superb styling, beauty and quality.

Basketball Is Here!

Two more weekends and the 1965 football season will conclude as far as local teams are concerned and with this in mind we will begin to turn this column to the hardwoods for the basketballers and hoop notes.

The cage season in the 14th Region was initiated last week when Cordia downed Kingdom Come at Cordia with Solomon Combs ripping the nets for 18 points.

Action begins to get hot and heavy next week when three 54th District clubs open the '65-'66 campaign on Friday night, November 5.

Dilce Combs, in its Homecoming Tilt, will play host to Buckhorn at Memorial Gymnasium.

The Panthers, led by veterans Carlson Lawis, Jasper Summers and Charles Minks are expected to improve last year's record of only eight wins and twenty losses.

"I think we'll have a pretty good season if our boys up front come through," said Panther coach Harvey Combs.

"CHUBBY" COACHES BUCKHORN

Buckhorn's Wildcats, coached by ex-Wildcat Winfred "Chubby" Smith, has the distinction of being the opponents in openers for three different clubs in the 54th this year.

Smith faces DC in the first game of the season for both clubs then M. C. Napier tests the Wildcats in the first Navajo tilt on November 12 and Hazard's talent-rich Bulldogs open their schedule with the Buckhorn five on November 30.

LEATHERWOOD OPENS NOV. 5

Another Perry County school, Leatherwood, opens the cage season next Friday. Lloyd Smith's Wildcats host Knott County's Cardinals, the surprise of the 14th Region last year, at the Leatherwood Gymnasium.

Back to the Buckhorn-Dilce Combs opener, the Panthers are in the process of staging a big homecoming which is to include graduates of not only Dilce Combs, but the old Viper and Vico High Schools which were consolidated in 1952 to form Dilce Combs.

The Dilce "B" squad will play the Alumni of the three schools in the first contest at 6:30 p.m. Friday night with the Panther-Wildcat varsity battle set for 7:30 p.m.

HOMECOMING BANQUET SATURDAY

The Homecoming Banquet will be held at the school cafeteria the following night. Tickets for the banquet can be purchased from any booster club member.

Charles Hoskins, Brack Baker and Eddie Combs, three veteran starters from last year's M. C. Napier squad will lead the Navajos into a 22-game schedule plus the Breathitt County Invitational Tournament.

Navajo chief Albert Combs is very optimistic about the upcoming Napier season, but hesitates to go out on the limb with any certain player.

"We can have a fine season this year," commented Combs, "and if we do it will be a result of team play."

The Napier mentor considers Baker and Combs as two fine boys who can play a good brand of high school cage ball if they will continue to work hard in practice. Concerning Hoskins, Combs had this to say, "Hoskins can be a much better player than his brother Wade. Wade, a former Navajo, was quite a Napier star during the '62-'63 and '63-'64 seasons."

Homecoming At Hazard

Homecoming festivities will highlight the 1965 football season Friday night as the Hazard Bulldogs bring down the curtain on the grid season in an 8 p.m. encounter with Evarts Wilocats on Collins Field.

The Bulldogs hope to improve their 4-4 record in the last home contest of the year. Hazard closes out the season next week at Lexington in a tug-of-war with the Bearcats from Lexington Dunbar.

Widcats Challenge West Virginia Sat.

Kentucky and West Virginia, two of the nation's finest offensive football teams, match 4-2 records when they meet in Lexington Saturday afternoon in UK's Centennial Homecoming Game.

While the Wildcats were getting back onto the victory road last weekend with a 19-10 upset victory over the Georgia Bulldogs, West Virginia had its troubles in a 44-6 loss to Penn State.

While the Mountaineers, who opened the season with four straight wins, will be trying to halt a disastrous slide they lost to Virginia 41-0 before the Penn State game, the Wildcats will be looking for revenge for a 23-21 loss to Morgantown last year.

The Mountaineers, led by sophomore tailback Garrett Ford and senior quarterback Allen McCune, have piled up an average of 333 yards total offense per game this season. Kentucky, with Rick Norton

Rick Norton

passing and Rodger Bird running, has averaged 306.7.

The Mountaineers, who have scored 184 points in six games, will offer a terrific test to Kentucky's rushing defense, which has been porous at times. Ford has gained 577 yards on the ground and his teammate at fullback, Dick Leftridge, has added 427 yards. Their combined total is nearly twice as much as Kentucky has gained on the ground all season.

"We'll have to play a tight defensive game if we're to contend with West Virginia," Kentucky coach Charlie Bradshaw says. "They have as explosive an offense as any that we'll face this season."

The Mountaineers, coached by Gene Corum, have had defensive problems. They have allowed their opponents 313 yards total offense per game, compared to the 277.8 allowed by the Wildcats.

The Kentucky defense, which had a return to form last week against Georgia (the Bulldogs failed to score in the last three periods), may be the key to the game.

Navajos And Pirates Meet In Final Game

By Arlis Fields

The football season will end tomorrow night for M.C. Napier and we would bet that coach Charles Hall won't get mad when the curtains come down.

Hall's Navajos host powerful Fleming-Neon in an 8 p.m. Napier Field battle.

Napier hasn't won all season long and Hall has had more than his share of troubles this year, his first at Napier.

On the other hand Fleming-Neon is on the verge of winning a Class A playoff berth with its 7-1 record.

The Pirates are running with Catlettburg in the title chase and are sky high after their win over Hazard two weeks ago.

Napier received its worst beating of the year last week end as Prestonsburg whipped the Redskins 45-0 to more than spoil the homecoming for them.

Fleming-Neon relies on its powerful backfield to carry the heavy load.

Quarterback Bobby Short and halfback Johnny Bentley give coach Ray Isaacs something to be happy about with their play.

Napier has lost starting end Dewey Finnison for the year's

ARRH NOTES

Listed below are the admissions and discharge for October 25, 1965:

Admissions—October 25: Carrie Sumner, Kodak; Alpha Fields, Smilax; Robert Keith Boggs, Smilax; Oatie Couch, Yerkes; Ethel Thomas Jackson; James L. Deaton, Barwick; Eva Marie Terry, Hazard; Betty Joseph, Hazard.

Discharges—Oct. 25: Mary Fletcher, Blue Diamond; Ellen Jane Stidham, Busy; Ben Rimbort, Redfox; Robert Harvey, Wilstacy; Clinton Chapman, Slomp; Barnell Caudill, Wootton; Nancy Caudill, Wootton.

On The Lanes

By Gay Fugate

Perry Bowl, on Monday, Tuesday, Wednesday and Thursday nights could easily be described as "Activity." These nights are league bowling.

Of course each Kegler and Keglerette give their best or at least try to give their best for their respective teams; however with the newly initiated program of "Bowler of the Week" the leagues personnel really are striving for that strike pocket.

Each bowler of the week shall automatically become eligible for the "play-off" on the lanes at the month's termination with the bowler having the highest pin-ball for three games with handicap being named "Bowler of the Month" and shall receive a sport coat from Dawahares Department Store.

So far in the contest for the "Bowler of the Week" Tommie Jones of A & P had high series of 599 for the Monday night Industrial League. On the Commercial League Tuesday night Harold Donahue bowling with Nameless Five had a 661 series and is so far high on "Bowler of the Week."

Listed below are league standing as taken from League Board at Perry Bowl; others will be in Monday's edition of the Herald:

Coming Home To Kentucky

I am leaving for Kentucky on Sunday, no matter what. We have been commuting up and down keeping engagements while Congress still drags on but I really believe it will be over next week. Anyway, I have an engagement in Maysville that I am looking forward to and I am going from there to Somerset to stay.

I don't mind the summer sessions as much as the autumn ones. In the summer, everybody but the workers are out of town, but come September, the people who have been away on lengthy healthy vacations come back and the momentum—club meetings, luncheons, receptions, dinners—starts all over again with vigor, just when exhausted Congressional people are trying to pull for home. People from all over the world are pouring into town, such as the Members of the World Bank, and Members of the Japanese Cabinet and all kinds of NATO and Parliamentary visitors who are here for their annual conference.

The Senators and their wives were at the White House promptly at 7:30 for the party for Congress, but the House stayed in session debating the Highway Beautification bill. I felt so sorry for the President and Mrs. Johnson, because he was going to the hospital the next day, and she because, plus her concern about the President's health, had arranged entertainment at the State Department for all of us and it had to be delayed for the House Members and their wives, who never got there anyway. From our point of view, this was a great evening, because we were able to visit with friends, tourist around the White House, have dinner and then slip away at 9:30 and get to bed early before the show.

The good-by parties for the Alphands have been going on around the clock for almost a month. This is a terrific tribute to the Ambassador and his wife, since during the ten years they have been here, the French and the United States Governments have not been in accord on major policies, and yet, because of their own personalities and the good works they have done for charity in the country, they have become a part of the Nation's capital and have kept alive the traditional friendship of our two countries. Tonight they are giving their last dinner at the Embassy.

Yesterday, because of Mrs. R. W. Salling of Lexington, I broke a rule of not making talks in Washington and spoke at a meeting given at the National Guard Officers' Wives Club at Bolling Field. As Lexingtonians know, Mrs. Salling started the School for retarded Children in Lexington, and this year her work was recognized by a National Award she received. She is program chairman of the club and thanks to her, I met a very interesting group of women whose husbands are doing so much for our country.

Elect

J. A. SMITH

For

COUNTY JUDGE

You need him now because of his vast experience in operating the affairs of the County and getting many things done for the use and benefit of the people.

The people know the vastness of his road building programs for every section of the County. They also know how he lifted the county out of bankruptcy and restored its good name. In all his services as County Judge he always kept the County moving forward in a prosperous and progressive condition and always moved forward with many accomplishments for the benefit of the County and its people.

There is so much activity in both the Federal and State Government toward road building and other developments for the benefit of the people. It makes it all the more necessary that the County Judge be one who has the knowledge and experience in getting full recognition for his county on every program that is set up.

It is his plans to get the Highway program for the rural roads of the County going in a very extensive way as the money for rural roads was doubled last year by the State Legislature. There is a number of other progressive programs for the County that he can help us get for the benefit of the people. This will make possible one of the most progressive programs for the next four years that our County has ever had.

It is so essential and necessary for the people to select their next County Judge who has all the experience and qualifications necessary to make progress and prosperity for the County and all its people.

Sincerely,

J. A. SMITH

VOCATIONAL SCHOOL DEMONSTRATION—INSTRUCTORS TEACH DIFFERENT SUBJECTS

In the shops of the Hazard Area Vocational School an instructor stands at an automobile, demonstrates to future mechanics. In a hospital so-called "Candy Stripes" listens with much interest to an instructor helping them become nurses in the future. All the instructors in the Vocational School teach different subjects to different groups but they have one thing in common: They are all members of a state-wide organization that has had very little publicity. This very important organization is called the Kentucky Industrial Education Association.

The Kentucky Industrial Education Association is a state-wide organization for teachers of industrial education. It was organized in 1956 as a device for improving instruction in the areas of vocational education and industrial arts education in the Commonwealth.

There are 1,278 men and women in various phases of industrial education in Kentucky working toward the common purpose of promoting a higher degree of efficiency in instruction so that the 61,528 boys and girls now enrolled may profit more by industrial education.

Industrial education is active in the state throughout the year, however, the annual convention of the K.I.E.A. held in early November (November 5, 6, 1965) has been understood as the climax of the activities of the preceding year and the convention is a significant feature of the association.

The organization places emphasis on five areas of activity: PROGRAMMING—General programs are keyed by individuals and represent modern type of industrial education. Sectional programs are planned to represent points of view peculiar to separate interests of industrial arts teachers and vocational education teachers.

EDUCATIONAL EXHIBITS—Teaching aids and the work of industrial education and vocational education schools and students are displayed.

COMMERCIAL EXHIBITS—Firms from anywhere in the United States provide up-to-date teaching materials by which a better job may be done for the students.

MEMBERSHIP—FOUR TYPES—Industrial education teachers are active members. Associate members are persons interested in the purpose of the Association. Student members are graduates and undergraduates who are preparing to teach industrial arts education subjects. Honorary membership may be awarded to any person making an outstanding contribution in the field of industrial education.

PARTICIPATION AND RELATIONSHIPS—The members of K.I.E.A. are involved in all its activities. Many values occur to those men and women belonging to K.I.E.A.

Members of the K.I.E.A. at the Hazard Area Vocational School are:

Walter Prater, Director; Connie W. Johnson, Assistant Director; Harrison Cornett, Business Manager; Finley Begley, Jr., Assistant Director; Ezekiel Napier, Related Instructor; Donald Singleton, Related Instructor; Paul Combs, Machinist Instructor; Leslie Grigsby, Electrical Instructor; Bob Williams, Electronic Instructor; Samuel Burke, Drafting Instructor; Raleigh Napier, Auto Mechanic Instructor; Damon Jones, Heavy Equipment Instructor; Anne York, Heavy Equipment Instructor; Johnny Calitri, Welding Instructor; Eugene Combs, Auto Body Instructor; Leroy Rozek, Heavy Equipment Instructor; George Jasebolt, Building Trades Instructor; Eliza J. Shackelford, Practical Nursing Instructor; Mary Williams, Practical Nursing Instructor; Lloyd McGary, First-Aid Instructor.

PERKINS' SCHOOL LEGISLATION BILL PASSES SENATE—SENT TO WHITE HOUSE

Washington, D. C., Oct. 19—Perkins' disaster school legislation has been approved and sent to the White House by the United States Senate. The legislation was the subject of hearings conducted by the House General Subcommittee on Education, chaired by Congressman Carl D. Perkins, (D. Ky.) in May of this year. The measure passed the House of Representatives on August 30 and the final touches were put to the legislation in the House and Senate this past week.

The bill would provide federal grants to public school districts for the construction of school facilities damaged or destroyed in a major disaster such as flood, hurricane, or fire. In addition, the bill would provide school operating funds for up to five years following the disaster to enable the community to adjust to normal school support and operation. The measure also amends Title II of the Elementary and Secondary Education Act of 1965 of which Mr. Perkins is the author, to provide grants to State educational agencies operating or supporting programs in institutions for handicapped children including the mentally retarded, deaf, speech-impaired, blind, crippled, seriously and emotionally disturbed, or other health impaired children who, because of such handicap, require such education. The grant for each such child would amount to approximately \$150 in Kentucky. Grants to State institutions for this purpose would be used to meet the special educational needs of such children. Perkins said that this broadened concept of the Elementary and Secondary Education Act was essential if the nation were to meet its responsibilities for assuring to educationally disadvantaged children full opportunities which modern teaching techniques and educational media could provide.

In connection with the disaster assistance, Perkins emphasized that the frequent flooding occasioned by the Big Sandy, the Kentucky, the Licking, Little Sandy, and Ohio rivers and their tributaries made the legislation extremely important to Eastern Kentucky in assuring another substantial source of support for needed public services following such disasters.

HILL TALK

by Margaret Medaris

Monday morning, October 25, Beverly Combs of Y-Teens and Sponsor Mrs. Ann Caudill gave a brief devotional in memory of Hazard High students Henry Sizemore and Mary Jean Terry who were killed in the wreck Friday night.

Mr. Stringer, H.H.S. principal, has been ill for several days. The students miss him hope he will return soon.

Hazard Y-Teens Edna Riley, Judy Minor, Nell Mosley and Jane Pendleton accompanied by Mr. and Mrs. Caudill attended the State Y-Teen Day in Georgetown, Saturday, October 23. The theme of the meeting was "What Makes the World Go Round." Dr. Agnes Hatfield from the University of Maryland was the key speaker. She addressed both the morning and afternoon general sessions. After the general sessions the girls divided into workshops to discuss the topics: Concern Makes the World Go Round, Love Makes the World Go Round, Knowledge Makes the World Go Round, Freedom Makes the World Go Round, Understanding Makes the World Go Round, and Faith Makes the World Go Round. Jane Pendleton presided over the workshop on Knowledge Makes the World Go Round and Judy Minor gave the blessing at noon.

Thursday, October 21, the Business and Professional Women's Club honored the presidents of the various high school clubs with a luncheon at noon at Don's. Mrs. Dorothy Pendleton presented Ann Holiday Drama Club president, Paula Marcum, FHA president, Don Bush, PTA president, Jina Craft Editor-in-Chief of the yearbook "The Bulldog", Jayne Smith, Editor-in-Chief of "On the Hill", Byron Daniels, president of the Science Club, Beverly Combs, president of Y-Teens, and Brenda Osborne, president of Rainbow Girls. They discussed the possibilities of forming a Careers Club.

The Science Club has met several times this year and elected officers, revised the club constitution and planned a trip to Oak Ridge in the spring. The club is sponsored by Mr. Harold Banks and the officers are Byron Daniels, president; Coolee Johnson, Vice president; Debbie McIntyre, treasurer; Susan Baker, secretary; Donna Spencer, librarian; Nora Brashear, reporter; and Sergeant of Arms, Oval Ritchie. The Science Club is open to all Juniors and Seniors taking a science. It meets every Tuesday at noon in the chemistry lab.

Wednesday, October 13, Jina Craft, Coolee Johnson, Byron Daniels and John Richard Mitchell members of the "Bulldog" staff attended a clinic for annual staff members at Morehead State College. As part of the clinic they participated in workshops on the various phases of annual publication. They were accompanied by Mrs. Rheme Mitchell.

The Drama Club sponsored by Mrs. Martin Palmer has met and elected officers. They are Ann Holliday, president; Larry Combs, Vice-president; Paula Marcum, Secretary and Patti Campbell, Treasurer. Plans were started for a homecoming float. Donna May is chairman of the float.

Do FALSE TEETH Rock, Slide or Slip?

FASTTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, sticky taste or feeling. FASTTEETH is alkaline (non-acid). Does not sour. Checks "plate odor breath". Get FASTTEETH at drug counters everywhere.

On November 2, when you Vote, Vote YES on The Bond Issue (x)

David Reynolds Is New Head Of Kentucky Retail Federation

David E. Reynolds, President of the S. W. Anderson Company of Owensboro, was elected President of the Kentucky Retail Federation for 1966 at the Annual Meeting of the organization in Louisville.

Mr. Reynolds joined the S. General Manager, Sears, Roebuck & Company; D. B. Bortz, Personnel Director, F. W. Foolworth Company; Robert B. Begley, President, Begley Drug Stores, and W. C. Dawahare, President, Dawahare's.

The Kentucky Retail Federation has 2,300 members throughout Kentucky with its main offices in Georgetown. The Perry County Soil Conservation District Board of Supervisors are hoping to have a large participation in the Conservation Essay Contest this year. Subject this year is "Water—Its Effect On My Community." The prizes being offered are worth some time and effort for students of Perry County schools.

Time Is Near For Soil Contest

Some reference materials have been distributed to all high schools and consolidated grade schools in the county. Prizes in the Senior division, grades 4th through 8th, \$10 first prize, \$7.50 second prize and \$5 third prize given by the Perry County Soil Conservation District.

Anyone wanting information on the contest may contact the Superintendents, principals, or the Soil Conservation District office located in the basement of the Post Office building.

The Kentucky Association For Retarded Supports Bond Issue

The President of the Kentucky Association for Retarded Children, George G. Harralson III, Princeton, Kentucky, announced today the Association's support of the 176 million dollar State Bond Issue.

The Organization, which is observing its 10th Anniversary next month, represents parents and interested parties whose purpose and goals are to help meet the needs of mentally retarded persons throughout the Commonwealth. The organizational structure of K.A.R.C. is composed of thirty seven local associations in Kentucky. The Association works constantly for new and improved community services and residential facilities for the retarded.

The Bond Issue, according to Daniel S. Tuttle, Action Commissioner of Mental Health, includes 2 1/2 million dollars for Mental Health-Mental Retardation Programs. This 2 1/2 million should enable mental health to receive an additional \$6,000,000.

00in Federal Matching Funds.

Specifically, Mr. Tuttle indicates the matching fund program under the Bond Issue will make possible the building of a new residential facility for the retarded in Kentucky that has long been needed. Approximately 1.2 million dollars of the mental health Bond Issue Funds would be used to enable the State to receive \$4,000,000 in matching money from the Federal Government to build the facility. The bond and matching funds will also enable general funds amounting to \$400,000.00 to be applied toward a facility to care for the very profoundly retarded. The unmet need for their care continues to be the top priority in service for the mentally retarded. The Bond Issue will further release mental health funds for continued and necessary upgrading of Mental Retardation employees in our State residential facilities. This also is considered urgent by the Kentucky Association for Retarded Children to improve care and rehabilitation programs.

The Association points out that in order to build these new facilities and move forward badly needed programs for the retarded in Kentucky, it supports the November Bond Issue.

The Organization therefore urges the people of Kentucky to carefully consider the November Proposal and to support its passage as a necessary and progressive measure for the future of our State.

John Sherman Cooper Speaks At Alice Lloyd Anniversary

Saturday, before a crowd of about 600 students, alumni and friends of the College, Senator John Sherman Cooper, R-Ky., keynoted activities marking the 49th anniversary of Mrs. Lloyd's arrival on Caney Creek from Boston.

Education must not forget the example of Mrs. Lloyd's school and other institutions begun through individual initiative, the senator said. "Education cannot depend wholly on the strength of federal and state governments. It also needs the variety and strength that comes from private sources."

Paying special tribute to the school's founder, Cooper noted that Mrs. Lloyd saw in mountain citizens a potential for development and leadership which graduates of her college have since proved.

Completing the day's proceedings, students and guests

picnicked on barbecue chicken, prepared by Albert Stamper, Knott County Agent, and participated in folk dancing directed by Mr. and Mrs. Charlie Whitaker, of the College staff.

Sunday, alumni of the school returned for annual homecoming, featuring speeches by 7th District Rep. Carl D. Perkins and Monroe Wicker, director of school relations at Morehead State College.

Perkins, a graduate of Alice Lloyd College, noted recent education legislation and predicted "it will not be too many years before we are spending as much for education as for defense. Both are essential and one is no more important than the other."

The Congressman also saw great changes in store for Eastern Kentucky. In six to eight years the area will become a "garden spot" the legislator

said. Federal legislation and local work are going to "lift the face and beautify" Appalachia at the same time it develops the area economically, Perkins told his classmates.

Following Perkins' address, Wicker, also a graduate of the school, reviewed the past 49 years on Caney Creek, noting especially the many graduates of Alice Lloyd College who have risen to levels of prominence and the numerous physical changes in the college itself.

At the Sunday affair, which also included an alumni picnic and group singing led by Alice Lloyd music director Abner

Greider, Cordell Martin, Hindman, was elected president of the College alumni association. Boone Hall, Wheelwright, was chosen president elect, and trustees picked were: Fred Martin, Frankfort; Holly Conley, Garrett, Roy Ritchie, Hindman; Elwood Chambers, Lexington; Bernice Dyer, Hindman; and Don Lowe, Holland, Michigan.

During the two day ceremonies, citations of service were presented from the college to Senator Cooper, Rep. Perkins, Wicker and Palmer Hall, dean of Morehead State College graduate school, designating each as a "light unto the mountains."

Lloyd motto of the college.

Page 6 THE HAZARD HERALD, Thursday, October 23, 1965

RE-ELECT

ROY H. JOHNSON

For

Tax Commissioner

To The Citizens of Perry County:

I would like to take this opportunity to tell you some facts concerning myself and my race for re-election as your Perry County Tax Commissioner. I am the son of Farmer A. Johnson, former Perry County Tax Commissioner for 28 years and Cornia Combs Johnson, daughter of the late Jim "Pete" and Annie Combs of Jeff, Kentucky. I was born and reared in the Big Bottom section of Hazard, attended Hazard City Schools and have lived my entire life here with the exception of three years in the U. S. Navy during World War II. I married Joy Jean Grigsby, daughter of W. H. Sr. and Rachael Grigsby of Hazard. We have three sons and two daughters, of whom four are now attending Hazard City Schools.

Having served you as Tax Commissioner for the past eight years and prior to that as Deputy Tax Commissioner for twelve years, I feel that I am well qualified for this office. The Tax Commissioner's office is an important one and the duties are many and varied. I have gone beyond the duties of my office by making myself available to the public for any help they may need in the way of public service, regardless of political affiliations or other reasons.

As most of you know, this is a most crucial time in the history of our property tax structure and I'm sure you all realize that you need now, more than any other time in our County's history, not only a qualified man in your Tax Commissioner's office, but a qualified man who is experienced—a man who knows property values in our County and will work diligently for the best interest of our citizens. I'm sure all of you realize that I have fulfilled these obligations and duties in the past and will do so in the future.

Election day will soon be here and as in every election you hear and read all kinds of MUD SLINGING AND FALSEHOODS. Such is the case in my particular race for Tax Commissioner. During the past few days there have been absolute FALSEHOODS concerning me and my office printed in newspaper articles and circulars. I have only one thing to say and that is that I am running my race on my qualifications and experience and on my past record — NOT ON FALSEHOODS AGAINST MY OPPONENT.

As in the past I have one promise to make and that is that EVERYONE will receive fair and equalized taxation, just treatment and courteous service to the best of my knowledge and ability.

Therefore, I now respectfully ask for your vote and support in the coming November election. A vote for me will be for the best interest of the citizens of Perry County.

Respectfully Submitted,
Roy H. Johnson
(Pd. Pol. Adv.)

KRYPTON

School Holds Pie Supper; Lots of Visitors At Mission

By Rowena Collins

Mr. and Mrs. Kenneth Ray Colwell announce the birth of a son on October 22.

A pie and box supper was held at the Krypton School Friday night. We would like to thank everyone that came and helped us.

Mr. and Mrs. Logan Standifer of Knoxville, Tennessee are visiting Mr. and Mrs. E. N. Parsons for a few days.

Mr. and Mrs. Bert Hamblin of Chicago are visiting Mrs. Hamblin's parents, Mr. and Mrs. Ruie Baker for a few days.

Recent visitors at the Krypton Mission include: Mrs. Ella Erbaugh and son, Mr. and Mrs.

Carl Denlinger, Mr. and Mrs. Carl Favorite and family, Ted Brower, David and Dennis Keppel, Horace Cripe Jr., Mary Boyer, Sharon Steele, Judy Black, Barbara Steele, Danny Sevihart, Kandy Hauptert, Richard Adams.

Mr. and Mrs. Robert Mansberger, Mr. and Mrs. Elmer Biltz, Mr. and Mrs. Kenneth Mauzey, Mr. and Mrs. Max Slabaugh and family and Mr. and Mrs. Richard Smith and family.

On November 2, when you Vote, Vote YES on The Bond Issue (x)

ELECT

Lowell "Speck" Cornett

Democrat Nominee

for

Sheriff

November 2, 1965

I am your Democratic Nominee for Sheriff. I ask you, the citizens of Perry County, regardless of your political affiliation, to support me for this important office on Tuesday, November 2.

I have no endorsement from any organization. Therefore I shall be free to serve all the people with fairness and justice. I will endeavor to enforce the law to the best of my ability.

I promise to protect your churches, schools and business places and all other public and private institutions, to give four years of honest and faithful service.

I humbly ask you now to support me by going to the polls on November 2 and casting your vote for Lowell "Speck" Cornett for Sheriff of Perry County.

THANK YOU,
Lowell "Speck" Cornett

COMBS

Gulf Station To Re-open Soon

By H. C. Robertson

The monthly meeting of the WMS circle of the Combs Baptist Church met in the recreation room at the Church on Wednesday, October 13. Fifteen members and three guests were present.

Jimmy Sego, son of Mrs. Minnie Sego, was admitted to ARH recently.

Tommy Gene Kelly, a student at Eastern Kentucky State Col-

lege, spent the weekend with her parents, Mr. and Mrs. Tommy Kelly.

The official board of the Combs Methodist Church met at the close of the 11 a.m. service Sunday.

Mrs. Clyde Smith visited Mr. and Mrs. Henry C. Robertson on Sunday.

The Gulf Service Station at Combs is being reopened after being without an owner for almost two months.

CHRISTOPHER

Cowboys Win Contest Sponsored By Church

By Mrs. Ernest Fritts, Sr.
Mr. and Mrs. Harlan Gross, Mr. and Mrs. Bascom Smith and children spent the weekend with Mr. and Mrs. Ernest Maggard and family in Waynesburg.

Mrs. James Burton, who has been visiting her sister in Indiana, has returned here to live while her husband is serving in the U. S. Army.

Mrs. Everett Brashear, of Middletown, Ohio, is a patient in one of the hospitals where she has undergone surgery. She is the sister of Mrs. Dan Byrd and Jacob and Carlos Reeves.

The contest at the church between the Cowboys and Indians closed Wednesday night with the Cowboys having the greatest number of points. Both groups worked real hard during the contest. Nearly \$400.00 was taken in which will be used in the church.

Mrs. Letha Taylor has returned to her home in Birmingham, Alabama, after an extended visit with Mrs. Margaret Parker.

Mr. and Mrs. Bill Shackelford Jr., are moving to Florida to make their home.

LOTHAIR

Halloween Dance To Be Held Saturday

By Francis McCarthy

There will be a Halloween Party at Perry Bowl, Saturday night from 8 to 11 p.m. A prize will be given to the person having the best costume.

Mrs. Mary Jane Davidson fell and broke her hip Wednesday morning at the home of her daughter, Mrs. Raleigh Danner. She is in the Appalachian Hos-

pital. We wish her a speedy recovery.

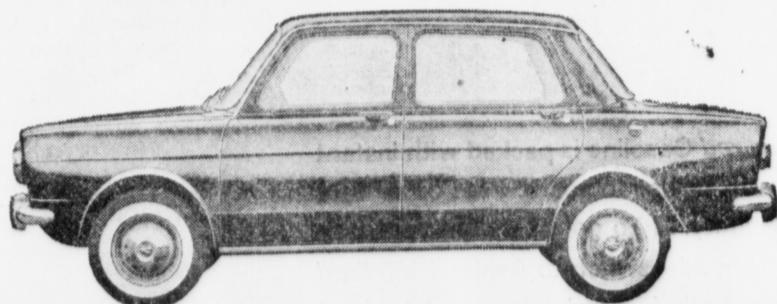

Mr. and Mrs. Mac Russell and family have been visiting Mrs. Russell's parents, Mr. and Mrs. Marcus Smith. Also visiting the Smiths was another daughter, Mrs. Beverly Weeks.

Mrs. J. W. Combs underwent surgery at St. Joseph's Hospital last week. She is doing fine.

Campbell Receives Honors at Berea

Wallace Campbell, son of Mr. and Mrs. Douglas Campbell, Avawam, Ky., and a graduate of the Cordia High School, Hazard, Ky., has been elected president of Bingham Dormitory on the Berea College campus, where Campbell is completing his senior year.

He is an elementary education major. In high school Campbell was a member of the

National Honor Society, the student council, editor of the yearbook, a class officer for three years, and the recipient of a leadership award.

In college he has lettered three years on the varsity swimming team and been captain two years. He was the president of the junior class last year and worked in a freshman dormitory as a counselor for three years.

Ronald Campbell

Takes Part In "Ragweed" Seaman Ronald Campbell, USN, son of Mr. and Mrs. Jesse Campbell of Route 1, Hazard, Ky., participated in First Fleet Training Exercise—"Ragweed", while serving aboard the amphibious force flagship USS Mount McKinley.

The seven-day exercise, conducted off the coast of Southern California, involved 54 ships of the First Fleet and several naval air and amphibious units, comprising "friendly forces", portrayed by other Navy units.

Under the over-all command of the First Fleet Commander, Vice Admiral Lawson P. Rempe, USN, the exercise started October 1st.

Founded in 1855, Berea College is a coeducational liberal arts college in Central Kentucky. It is unique in the fact that there is no tuition. Students work in a campus labor program which substitutes for tuition, and through special work may earn their other expenses as well. Ninety percent of the students come from the Southern Appalachian area. The primary objective of Berea College is to enable those who could not otherwise afford it to get a college education.

Berea College offers the Bachelor of Arts Degree in 22 fields of study and the Bachelor of Science Degrees in Agriculture, Business Administration, Home Economics, Nursing and Industrial Arts.

ARH NOTES

Listed below are the admissions and discharges for October 10, 1965:

Admissions—October 10: Malie Wells, Cutshin; Ira Rice, Jr., Gayscreek; Abraham Jones, Darfork; John Campbell, Rowdy; Geneva Bowling, Hazard; Ora Robinson, Tribbey; Grace Moore, St. Helens; Lydia Feltner, Bonnyman; Eva Napier, Hazard; Baby Gayheart, Hazard. Discharges—October 10: Otis Fields and Baby, Busy; Grace Jones, Hazard; Baby Hoskins, Combs; Janny Sue Noble, Hardshell; Carl Carver, Daisy; Darrell Colter, Hindman; Kenneth Ray Couch, Leatherwood; Esther Clay, Hazard.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor breath". Get FASTEETH today at drug counters everywhere.

Alice Lloyd College

To Present Play

Three Knoti countians will appear in Alice Lloyd College's first Little Theatre presentation of the 1965-66 season.

Starring in the MIRACLE WORKER, a story of Helen Keller, renowned blind and deaf educator, lecturer and author, and her first teacher, Annie Sullivan, are: Jerry Bowling, Sassafras; Larry Fugate, Hindman, and Russell Bentley, Topmost.

The drama, directed by Alice Lloyd speech and drama instructor Patrick M. Prosser, will be presented November 11 for students only and November 12 for the public in the college's Cushing Hall.

Other members of the cast include: Susan Allen, Robinson Creek; Kenneth Baldridge, Fairview, N. J.; Jimmy Stewart, Wayland; Billie Marie Hicks, Garrett; Carla Ann Watts, Halie; Betty Sue Taylor, Eminine; Wilma Shepherd, Backey; and Paul Smith, Neon.

Morehead Students Teach At Hazard

Two Morehead State College students are doing their student teaching at Hazard this semester.

They are among 164 Morehead students at 42 student teaching centers throughout the state.

Dr. Lawrence Griesinger, Director of Student Teaching at Morehead, said the students will do four weeks of student teaching and return to Morehead for four weeks of on-campus work. The students will then return for four more weeks of student teaching and will complete the semester with the remaining four weeks on campus.

"We are greatly pleased with the student teaching centers throughout the state," said Dr. Griesinger, "as they provide excellent opportunities for our youngsters to prepare for the teaching profession."

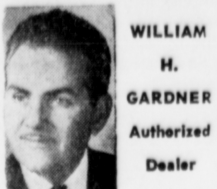

The Morehead State College students who will do their

Dr. Talbert Honored For Historical Work

Dr. Charles Gano Talbert, University of Kentucky associate professor of history, has received a national award of merit from the American Association for State and Local History. The honor was in recognition of his book, "The University of Kentucky: The Maturing Years," published this year by the UK Press. Another UK Press published book resulted in the association presenting a posthumous award to the author, William H. Townsend, Lexington. Title of the work is "100 Proof: Salt River Sketches and Memoirs of the Bluegrass."

4-H Talent Show To Be Held In Hazard This Saturday At 9:00 A. M.

Paul Keen - Co. Ext. Agent
Boxelder bugs, at this time of year, are about one half of an inch long, brownish-black with three red lines behind the head and red marking along the wings. The bugs do not bite or sting. Only female boxelder trees are bothered by the insects.

Dr. Richard Miller, U. K. Entomologist, advises to use pyrethrum aerosol spray (tin cans) inside the house, directing spray on bugs. This type spray can be used inside house because it leaves no residue. Outside, spray bugs resting places or bugs themselves with chlordane, DDT or Malathion.

4-H Club Talent Show

More than 100 4-H members are expected to participate in Annual 4-H Talent Show set to be held at Hazard High School Auditorium on Saturday, November 6th starting at 9:00 a. m. 4-H Clubs may enter a club act and specialty act. Club acts must involve at least 25 percent of 4-H members and specialty acts four members or less. Further information on talent show can be obtained at County Extension Office.

Fall Months Good Time to Plant

Home Evergreens

If evergreens are in the landscaping plan for the new home, or considered as addition to established plantings, September, October or early November are good months to plant them.

Evergreens can be planted any month of the year in Kentucky when the soil is not frozen. However, September-October plantings will help plants get established more rapidly, and require the least after-transplanting care.

Roots of most evergreen plants grow until late November or December. Evergreens planted in September or October have time to get established before zero (or sub-zero) temperatures can be expected. Winter rains also mean less post-transplanting watering.

Newly set plants, however, should be watered at planting time and weekly thereafter until good, soaking fall rains begin. A saucer-shaped depression around the plant simplifies water-holding problems.

Broad-leaf evergreens are best planting in the spring.

Kentucky Cooperative Extension Service Leaflet 198-A

Home Grounds" is available at County Extension Office.

County Extension Office: Youth Opportunity Depends on Education

We hear a lot these days about school drop-outs, and why boys and girls should stay in school. Sometimes it is hard for a teenager to see beyond the immediate opportunity for what to him seems to be a "good" paying job. Here are some facts that may make it easier to see why we say STAY IN SCHOOL.

Lifetime earnings:
—A college graduate earns nearly two-thirds more than a high school graduate.

—The high school graduate earns over three-fourths more than a person who did not finish eight years of school.

Employment and unemployment:

—In July of 1965, the unemployment rate for young people was 12.3 percent, more than two and one-half times that for all workers in the labor force.

—The unemployment rate for everyone is 18 years and over who do not finish high school is 6.6 percent — as compared to .4 percent for high school graduates.

graduates.

The scope of the dropout problem:

University of Kentucky President John W. Oswald has officially proclaimed Nov. 7-12 as "Faculty Fireside Week" as part of UK's Centennial observ-

ance. The event, sponsored by the Student Centennial Committee, will center around a series of coffee hours arranged in the homes of faculty members and administrative staffers. Dr. Oswald termed the upcoming program as "one which hopefully will set a precedent to capture the spirit for furthering student-faculty relationships." Students will be divided into groups of from four to 10 to visit faculty homes.

Who Sells To Teenagers?

Three persons are dead, five lie in hospitals injured and at least three families are bereaved by the loss of, in one case a wife and mother, in another a son and in still another a daughter.

All this occurred last Friday night near Chavies on Ky. 28 when a speeding automobile rounded a sharp curve on the wrong side of the highway and crashed headon into another auto carrying a man and wife who had been to a meeting in support of their political party.

According to very reliable sources at least three cans of beer were found in the, in this case, death car.

Kentucky State Police officials were asking the question on the morning after the tragic crash, "Who is selling this stuff to teenagers?"

Selling beer or any other alcoholic beverage to a person under 21 years of age is one of the most in serious offenses today.

But still at almost every public event where young people are present the unlawful beverages are evident.

We witnessed a case at a public event some four weeks ago when two teenagers, ages 16 and 17, had to be taken to jail for unruly conduct, caused from drinking beer.

When the judge tried to find out where the two had obtained the beer he got nothing but silence from them.

EDITORIAL

School Drop-Outs

Hey, teenager, thinking about quitting school? You're stupid if you do.

If you don't believe it, go talk to someone a little older than yourself who didn't finish high school and get his opinion.

Likely, he will tell you how foolish he was for quitting, and point to his own example as one who seriously limited his life's possibilities by failing to get enough education.

You may or may not believe him. He will probably have a car, and the freedom to stay out at night as late as he wants to, and it may be that you can't see beyond those superficial things.

It is also likely that, since he isn't educated, he won't be able to really back up with well-chosen words just why he made a mistake when he quit school. He will just tell you in general terms that you shouldn't quit, and it may be that his limited reasoning powers are not enough to convince you.

So consider these US Department of Commerce figures:

The median, or typical, income for a workman in the United States with less than 8 years of education is a mere \$2,194 a year.

A man with 8 years education can, on the average, expect to earn only \$3,610 a year while a high school graduate's median annual earnings jump to \$5,482.

In a life time, a high school education means a difference of \$56,000 above the earning power of one with only 8 years of education. A college degree will guarantee you an additional \$110,000 in a complete career.

Another thing your older friend who quit school would tell you if he could is that auto-

Selling beer to a teenager who drives a car is about the same thing as handing a loaded gun to him and telling him to go kill someone.

The impression is left on us that the person who sold the beer to the youths in the fatal accident is just as guilty of the act as anyone else involved.

Local law enforcement agencies cannot stop the selling of alcoholic beverages to teenagers unless they find out who is committing this act.

If the parents want to show enough interest in their child to save his life or someone else's then they should report the guilty party or parties to the local law enforcement.

We would like to state a personal opinion regarding the events of the accident.

If the person or persons who supplied the youngsters with the harmful beverages law abiding citizens they would have refused to sell to the buyer and probably would have prevented this tragedy.

The only thing we are trying to do is make the people wake up and realize what will happen if our local alcoholic beverage establishments are permitted to sell illegally.

mation, or the use of machines, is rapidly taking over the role of the laborer and claiming the jobs of the uneducated and unskilled.

Almost 9 per cent of those with less than 8 years schooling are unemployed today, compared to only 2.8 per cent of men and women with college educations.

Those are facts. They may seem a little dry and irrelevant to a teenager who's got fast cars and spending money on his mind, but those facts rule us never-the-less, and even if you ignore them, they will not ignore you.

It may be tempting to quit school now so you can get some kind of little job to indulge your immediate whims. All of us find it hard to resist living for this moment only, without thinking of tomorrow.

But it must be remembered that immediate indulgence comes at a terrible cost; the denial forever of other things you'll want more in the future, not only for yourself but the family you will one day have.

The famous educator and philosopher, Alfred North Whitehead, said it best: "Tomorrow, science will have moved forward yet one more step, and there will be no appeal from the judgment which will then be pronounced on the uneducated."

Professor Whitehead understood in an intellectual way what your older friend who didn't finish school understands in other terms: quitting school is sentencing oneself to a limited life.

It is saddling yourself with a burden that will always cause you to come in last in whatever race you want to run.

Perry, several roads were blocked by logs and trees felled across the pavement, setting up potentially deadly traps for the unsuspecting motorist.

Obviously, such is not the work of small boys. Some nearly grown men were responsible for these acts of criminal violence, some men with big, strong bodies, far out of proportion to their pea-sized brains.

Halloween can be fun if it is entered into with the proper spirit. And pranks can be played on friends without their being destructive. But unless this year is different from past years, Halloween 1965, will likely be a night of rampant vandalism unless we all are particularly watchful.

One often reads that a house fire was caused by children playing with matches while their mother had gone to the corner store for butter, or was off having coffee with a neighbor. Sometimes the fire is caught in time; sometimes the tots are found huddled together in death behind a bed or in a closet. One reads, too, of other kinds of accidents happening while parents absent.

There is a simple preventive for such tragedy. Let parents follow the rule that they will never — repeat, never — leave small children at home alone. This will not bar all accidents, but it does cheat fate of many temptations.

MOST IMPORTANT VOTE IS THE ONE FAVORING THE \$176 MILLION BOND ISSUE

The most important vote on the ballot in the November 2 election for Eastern Kentuckians is a vote for the \$176 million bond issue, regardless of party affiliation, former Governor Bert T. Combs told Letcher County Democrats at a fund-raising dinner at the Whitesburg VFW Club Saturday night.

"This bond issue is more important to Eastern Kentucky than any other part of the state," Combs told the crowded dining room of the VFW. "We in the mountains will get the most benefit from it, and we simply must give it the biggest majority of approval ever cast for any issue."

"Within our grasp now is a network of roads on which you will be able to take off from Letcher County in any direction on a four-lane highway."

"We simply must take advantage of this opportunity to get the federal matching funds to do all this."

"Then the secondary roads, the rural roads, the roads up the creeks and hollows, will come as a matter of course, because the people up the creeks will demand them."

"Along with the highways we can have water. Water is the concern of everybody now. You have one lake in Letcher County, of 45 acres. What we need is a lot more of them. Like the hilltop reservoirs one of your local writers proposed the other day to let Blackey make coffee from something better than salt and sulphur water—and the polluted river. No matter how much you boil the water to purify it, you can't forget that it came from that stinking sewer of a river. With a reservoir of pure rainwater and spring water from the mountain top, you can be proud and happy with your morning cup of coffee, or a good bath to ease the aching feet at the end of a hard day's work."

"We have got started on these things. Maybe we haven't done all we could have done and certainly we have not done all that we wanted to do—but we have got started, with all the programs that are under way and being started. We are on our way."

"We certainly must not fail to pass that bond issue."

Bert Combs was the first governor of Kentucky who came from the mountains and never forgot it. He got things started. He got the Mountain Parkway built. As governor he left his not-small footprints on many a doorstep in Washington, working with Carl D. Perkins and John Sherman Cooper to top every possible source of help from federal agencies.

A lot of dirt is being moved in Letcher County as the link of highway is being cut from Rockhouse through to Dry Fork and toward Whitesburg. This is a result of Bert Combs' unremitting effort.

Incidentally, Bert Combs is available as a Democratic candidate for a second term as governor of Kentucky in next year's election.

Brashly, perhaps, this reporter flatly asked Bert, "Can we draft you for next year?" Bert flashed that flicker of a smile which has endeared him to so many Kentuckians, and said, "Heck, I don't have to be drafted. I'm available."

"There's a lot more to be done for us Eastern Kentucky mountaineers, and I cannot think of any work which would give a man more satisfaction in life than to help with the task."

"What about Wilson (Wyatt)?"

"Wilson was the greatest lieutenant governor Kentucky ever had. He did a lot, and he did it because he loved doing it. I think he would love to do it again."

"I think he is available."

Thus, hereby is launched the campaign for Bert T. Combs and Wilson Wyatt as the top pair for Kentucky's leaders in the coming four years.

And whichever is designated as the top man—we've got a first-string team.

—L. C. Caudill.

Letter From ETB

As one employee of the Commonwealth of Kentucky, I want to express to you my personal appreciation, and that of all of us, for willingness to join in the educational campaign to point out to all Kentucky voters the absolute necessity of approval of the \$176 million bond issue at the November 2 election.

We employees have the fullest awareness of the importance of this educational campaign. We want to do our part as members of your Committees in the individual counties. For example, I am a voter in Christian County and I expect to participate, as every citizen should, both prior to and on election day in the effort to bring about a success of this issue at the polls.

Many employees have expressed to me their interest in participating in an organized way in support of the bond issue. They have suggested that the most effective organized way to accomplish this is to have a meeting of all the state employees in each county, so they can determine what effective steps the individual can take. I join with them in the firm belief that this organized effort should be made as a part of the campaign organization of the Citizens Committee for the bond issue.

Accordingly I suggest that you call a meeting of all state employees as well as other citizens of your county, to have a very full discussion of the role that each of us as citizens can play in promoting the bond issue.

State employees, individually, will not profit from passage of the bond issue. But the state will profit, and all employees desire that objective. That is why I know that all of us want to do what we can to be helpful.

EDWARD T. BREATHITT
Governor

OCTOBER

I love the music of the night,
The whippoorwill perched on a limb
The drooping planes in distant flight,
And doves that soothe their mournful hymn.

I love the song of hunters hounds
Across the distant hills;
The lore of ancient hunting grounds
Split by the gullied mountain rills.

I love the stars that dance on high,
Beyond the crested mountain breeze,
I love the wind that passes by
And plays the lyre on rhythmic trees.

I love the ton eof huntsmen's horn
When night begins to fade away;
Gray streamers of the coming morn
Turns the darkness into day.

I love new-fallen golden leaves
And fragrance of the gentle rain
Fire-flies blinking across the leas
And whistling of the rushing train.

Give me the night in the mountains
Where the cares of the day are at rest,
Mid leaping and plunging fountains
And folks may find life at its best.

E. Hampton Barnette
Fort Lauderdale, Fla.

THERE COMES A TIME

When we face the task of writing about a fine person that has been gathered in by the grim reaper of death. None other than your's and my friend GALLEY COLLINS. I can recall the many times I had the pleasure of fishing with Galley on Cherokee Lake. Plus the many shooting matches we had been together. I dare say I knew of no one that had our great outdoors more at heart than did Galley. To me he was a fine sportsman in all types of his undertakings, he loved Golf. In fact he liked anything that was out in the great open spaces. He was an outstanding law abiding citizen that will be missed. I am confident that you his many friends will join me in offering what little comfort to this family in their great loss of this loved one. It is hard to state what you would like to say at a time such as this. You just don't find this type of man on every corner anymore, time and toll is taking them away from us. I can't help but feel that they have really entered into a happy hunting ground, that they never knew before.

ALSO TO THE

Family of Mrs. Charles Robinson that recently made that trip of no return to this family may we offer from all the friends along with us our heart felt sympathy. Mrs. Robinson was the mother of Mrs. Roy G. Eversole.

and to this bereaved family, I would like to express not only my personal feelings but too also all the friends of both Charlie's and the entire family. May the blessings of God be upon you in these hours of your sorrow in your loss of this dear one, Charlie all your buddies that are the knife swapping crowd sure is in sympathy with this your personal loss of a loved one that has been with you so long.

NICE HEARING AND SEEING

So many of you lately. Thanks to you Mrs. Maurice Camfield of Richmond, Ky., in regard to the wonderful trip you had to our city during the Shrine Meeting, also good to see you Tug McDaniel, also Lawrence Milam of now Mobile, Alabama way. Good to see you folks again. Also to you Bascom Sturill from Ohio way, glad that you enjoy coming back and being with home folks. Also to you Robert Couch, Fairfield, Ohio. Also to you Dennis Hall and family from New York. Bless my side it is good to see so many of you these past few months. There is still many more that I know have been back here, only to get your bellies full of down to earth cooking that only can you find in Eastern Ky. No doubt you all loaded up with plenty of our foods that will not grow in any other part of the U.S. Hurry home once again, won't you, always glad to see old time faces.

Agree Or Not

I Say What I Think

By E. G. VAN CUBEN

WEEKLY DISCUSSION OF STATE GOVERNMENT

FRANKFORT, Ky. — Outcome of races in Jefferson and Fayette Counties next month may be important factors in the 1967 gubernatorial race.

Republican County Judge Marlow Cook is liked well in Jefferson and apparently has a better than even chance to win re-election. At the same time he will be an important influence in helping Alderman Kenneth Schmeid to win the mayoralty race.

In Fayette County State Representative Joe Johnson is running against Democrat Sheriff Ed Hahn for the judgeship.

Cook and Johnson both have been mentioned prominently as potential candidates in the gubernatorial race in 1967 as Republican standard bearers.

However, other prominent Republicans are getting mention. Franklin Circuit Judge Henry Meigs, who was unopposed by the Democrats for re-election, figures prominently in the gubernatorial picture. He is young, articulate, and has made a good image for himself among prominent Republicans as well as many Democrats. His office at Frankfort has made a good sounding board for him statewide since all cases concerning the Commonwealth come before his court.

If Republicans carry both Fayette and Jefferson Counties in November, this would form a strong axis for the 1967 gubernatorial campaign.

Outgoing Mayor William Cowger of Louisville has strong support among Republicans for the governor's race in 1967. However, many Republicans smelling victory stronger than any time since 1943, are hopeful that U. S. Senator Thruston Morton may be persuaded to become the GOP standard bearer. They look at the squeaky victory Democrat Edward T. Breathitt won the governorship, for the Democrats in 1963. However, they are brought to some soberness when they look at the margin of victory for Lt. Gov. Henry Lee Waterfield. Waterfield won by about 60,000 while Breathitt had only a 13,000 plus margin over Republican Louis B. Nunn, of Glasgow.

Republicans reason the governorship would provide the ideal springboard for Morton to vault to the national ticket in 1968 as a vice-presidential candidate. Morton's term in the U. S. Senate doesn't expire until Jan. 3, 1969. He could become a candidate for governor without resigning his Senate seat. If elected, he could name his successor in the Senate for the interim term.

Former Congressman Eugene Siler of Williamsburg comes into the gubernatorial picture, but somewhat by the backdoor route. The Democrats are the ones urging Siler to run for the governorship in 1967.

The Democrats reason Siler, strong in the mountains and the Bible Belt of Western Kentucky, might well edge out anyone but Morton. The Democrats think Siler would be easier to beat, for they remember his race against Lawrence W. Wetherby in 1951. Siler lost by only 52,000 votes, but the Democrats remember the mistake Siler made in jumping on the Catholics and the liquor interests in the last weeks of the campaign, when both of these strong forces had taken no sides in the race.

Apparently the Democrats would hope Siler would make mistakes again. Too, Siler isn't especially strong with modern day Republicans and the Democrats would count on many of them switching to their side in the November general election in 1967.

Johnson told me at midweek he would not be a candidate in 1967 for either the lieutenant governorship or the top spot. "Fayette County has so many problems I have to devote at least

four years of my life to this county." He also was optimistic about his chances in the judge's races there next month. So that leaves Meigs, Cook, Cowger, Morton or Siler as the potentials now.

Thru the Years

Quotations from Herald stories of yesteryear, reporting THIS WEEK in our history.

1923

Following are the Republican and Citizens' tickets for Mayor and Councilmen for the Town of Hazard to be voted for next Tuesday. Voters should not let the State and District contest prevent them doing their full duty to the town:

Republican Party: for Mayor: J. K. Turner; For Trustee: Matt Horn, John D. Spencer, Allen Deaton, G. D. Holliday, Jerry McIntosh, Henry Baker.

Citizens Ticket: for Mayor: L. E. Petrey; For Trustee: Wm. Pursifull, B. T. Fields, A. M. Gross, L. F. Brashears, A. C. Rhinehart, Jesse Morgan.

The citizens of Hazard turned out in a body Wednesday to welcome the business men from Cincinnati who arrived in the city at 11:50 on their "Good Will" tour. The delegation from the Ohio city was composed of 110 of the leading business men and manufacturers of Cincinnati. The party, which visited other towns on the Lexington-McRoberts line, traveled in its own special train, consisting of two baggage cars, two dining cars and five sleepers.

According to the visitors, Hazard extended the most hearty welcome of any city they had up to that time visited on the tour. The whole town was plastered with posters which extended a welcoming hand to the party.

1935

John L. Lewis, president of the United Mine Workers of America, was in Hazard a few hours Tuesday, stopping off enroute from Pikeville to Lexington. His party was composed of Sam Caddy, Dale Stapleton and J. C. McAndrews.

After a visit of two days to the coal fields of Eastern Kentucky, Mr. Lewis is going to the mining sections of West Kentucky.

1945

Federal Communications Commission experts forecast today that a "fairly good number" of television stations will go on the air during 1946.

Tentative plans call for an end of rationing either October 28 or November 1, it was learned today.

OPA has decided to cut butter ration values from 12 points a pound to eight. Passenger tire rationing may be ended late in December. Truck tires are slated to come off the list by late November.

1945

The pie and box supper held at Robinson High School, Ar., on Saturday, was a great success and the money raised—\$215.08—will be divided into four equal parts to be used by the Home Economics department, basketball club, for water facilities and a moving picture machine.

EDITORIAL

Halloween Violence

Last year at this time several newspapers in the country carried special feature articles about Halloween in the Kentucky mountains.

The gist of them was that mountaineers spare none of their native ingenuity in devising rough and sometimes brutal ways of playing "pranks" on their neighbors, in keeping with old Eastern Kentucky tradition.

While the articles were but another example of the way writers like to portray certain "bad" characteristics of the mountaineer in the interest of "colorful" writing, the sad thing is that there was a good deal of substance for these particular reports.

One fire was reportedly set last year by pranksters in a neighboring county. And in

A Rule For Safety

The truism expressed in the old saw, "Accidents will happen," is matched by the more hopeful truism that whole areas of accident possibility can be ruled out through foresight. To illustrate: It can be said categorically that, except in the rarest of emergency situations, no parent need ever lay his family open to the kind of accident that may result when small children are left alone.

The specifics of the danger are not hard to imagine. Toddlers have great capacity to "get into things"—such things as poisonous household cleaning fluids, medicines, matches, scalding water left on the stove.

The six Democratic congressmen joined in their declaration of support in a signed joint letter in which they cautioned

come in federal grants.

Perry County people should
read their County Paper.

costs go up."

Governor were these:

*Parks and Airports—For some \$4,500,000 in bond issue money there will be available \$9,000,000 for development of at least two new parks and general improvements to existing facilities in all parks. Airports increasingly important for industry-minded communities will be allotted \$505,000 which together with available Federal and local funds, will give Kentucky a construction program of \$2,005,000. The bond issue would make it possible for the Perry County airport to receive State funds. Buckhorn Lake State Park would receive \$750,000 from Federal funds and the bond issue for these major improvements: 12 additional lodg rooms and a recreation and meeting room; 10 new cottages; a chair lift; par-3 golf course; resort pool; recreational facilities; stable and bridle trail; boat dock improvements; fishing pier and other improvements.

—The need to modernize correctional facilities both from a humane and economic viewpoint is met with some \$2,900,000 allotted from the bond issue. State Police now operate from rented or leased barracks in some localities. To replace rented quarters, the bond issue has \$300,000 earmarked for new State Police barracks.

*Libraries—A building program of \$1,665,000 will result from the \$645,000 for libraries in the bond issue. This will make possible grants to counties for local library building.

*Child Welfare—To relieve the overcrowded conditions of the Lyndon Reception Center for delinquent and dependent children, the bond issue provides \$450,000 for renovation and two diagnostic and evaluation centers elsewhere.

"Approval of the bond issue Breathitt said, "means we can make these improvements now rather than waiting till the

BOND QUESTION:

BOND

QUESTION:

QUESTION:

"Are you in favor of the sale of the state-owned assets of the House of Representatives as outlined in House Bill No. 6, enacted on March 10, 1990? If so, how much money is it proposed that the sale of these assets would generate? Should the sale of these assets be authorized by the voters in the next election?"

ANSWER: "I am not in favor of the sale of the state-owned assets of the House of Representatives as outlined in House Bill No. 6, enacted on March 10, 1990. The sale of these assets would generate a total of \$100 million. The sale of these assets should be authorized by the voters in the next election."

Plans Complete For Carnival; School Newspaper "Wildcat" Has 20 Pages

By Jeannie Gross
The Buckhorn Halloween Carnival will be Friday night, October 29, at 6:30. We are planning on having lots of fun. Some of the features will be: Horse shoe and coke bottle throwing, baseball, balloon darts, penny pitch, cigarette throw, bingo, movies, fish pond, Journalism Booth, spook house, fortune teller, novelty stand, and plenty of food.

The admission will be 25c for

students, and 50c for adults. All the buses will run.

The Halloween Carnival will be a great chance for the parents who have not seen the school to see it. We are really proud of it. The floors are shiny, the lighting is excellent, we have very clean and well equipped bathrooms, and best of all a good heating system.

Last week the school received new paper and pencil machines, which are now in the hall for

the use of all students.

The students and faculty were sorry to hear about the tragic death of Mrs. Jewel Whitaker, mother of two students at Buckhorn, Joan (senior) and Sherry (freshman). We are glad their father, Scott Whitaker, is recovering.

This should be a lesson to all teenager and adult drivers, who drive fast. It may easily cause their death as well as the death of innocent people.

Our school paper, The Wildcat, is coming along very successfully. There is approximately 20 pages in each issue and is sold for 10c. It is published once every two weeks. We are selling ads for the paper. The current issue of the Wildcat will be on sale at the Halloween Carnival and anyone wishing to help out the newspaper by purchasing an ad can do so at the Wildcat Booth on Friday night.

VOTE FOR

M. K. EBLEN

FOR

MAYOR

And

**FOUR YEARS OF SOUND MATURE
GOVERNMENT**

General Election, November 2, 1965

TO THE VOTERS OF PERRY COUNTY:

My campaign as a candidate for Jailer is coming to a close, and I have made every effort to contact every voter at his home but those of you I did not see found my cards and literature when you returned home.

Four years ago I promised you that I would try to make you the best Jailer you ever had. This I have tried to do. I must run on my record, and I gladly do so, and if you do not know my record ask any one anywhere in this county. Every person that has been in my custody has been treated as human beings, and it was not for me to say they were guilty or not guilty. If some one says that this is not so, ask him to tell you the name of such a person and contact him.

We will soon be in the New Courthouse, and it is up to the Jailer to see that this courthouse is clean throughout and kept that way at all times. I am told that our Courthouse will be one of the best if not the best in Eastern Kentucky, and it is up to the citizens to see that it is properly maintained and kept the best, and it will be the duty and responsibility of the Jailer to carry out the wishes of the people in this respect, and I feel that I am able, with the experience and have every intention to this when I am elected. The Jailer's office not a political office, and I have not and will not make it such when elected, and for these reasons I am soliciting the support of every voter in my behalf. I can serve you better the next four years than I have been able to the past four, because I will be better equipped to serve you. You have trusted me and you can trust me again, because I have not and will not betray your trust.

As your Jailer I have, as you know, showed you how much I have appreciated your support, and this I will continue to do. So let us work hard and have a clean election, a clean and well kept jail and courthouse where every one will be treated alike and with respect regardless of party affiliation. Thanking you for your past and continuing support, I am,

Gratefully yours,

W. M. (BILL) KELLY.

Five Good Reasons To Vote For

EARL M. DEATON

County Court Clerk

1. He is qualified to serve as County Court Clerk. He graduated from Breathitt County High School and attended Lees College, Morehead State Teachers College, and the University of Kentucky. He taught school in the Perry County schools for seven years and worked in the offices of Columbus Mining Co., Blue Diamond Coal Co., Jewell Ridge Coal Corp., and Home Lumber Co., more than 21 years. He worked for these companies as a scrip writer, payroll clerk, shipping clerk, office manager, and general bookkeeper.

2. He is a family man, and not being wealthy, must work in a profession for which he is qualified. He has a wife Gretchen, the daughter of the late Solomon Noble and Mattie DEATON Noble of Haddix, Ky., a son, Earl Jr. (PODY) with the U.S. Army in Viet Nam, and a daughter, Phyllis Anne, a senior in Hazard High School. His opponent has no dependents, and is considered a WEALTHY person.

3. Having been raised in Perry County, he understands the people of this county. He has been in direct contact with the public over 25 years of his working life, and realizes the responsibilities and problems of the citizens of this area.

4. He does not wish to serve in this office for the REST OF HIS LIFE. He certainly will not ask the voters to elect him for FOUR TERMS, but will voluntarily relinquish the office within a reasonable time. He certainly will not say at the end of each term "Elect me one more term, and I will not ask again".

5. To serve in this office has long been one of his desires. Since early manhood he has planned to seek this office, and feels that this is the most opportune time.

When elected to serve the people of Perry County in this important office he pledges the following:

1. To employ only qualified personnel to staff his office.
2. To give prompt and efficient service to all regardless of their political affiliation, race, creed, or color.
3. To give his fullest cooperation to the Attorneys, the Purgation Board, the Fiscal Court, and all other governmental agencies in Perry County, so long as it shall be to the best interest of the people of this county.
4. To Preserve, keep, and protect all the records of this office at all times.
5. To devote his full time to the operation of this office.

ANY AND ALL SUPPORT WILL BE GREATLY APPRECIATED.

Clay Ford Asks, How Is Your Tax Dollar Spent?

My opponent and his father are telling you, the Voters, that I'll raise your taxes or if you vote for anyone else they will raise your taxes. Are they inferring that no one else in Perry County can be trusted in this office? Well, I have news for them, there are people in Perry County who can be trusted if only given the opportunity to prove it, and that is what I am asking for, the opportunity to prove to you that someone else can be as good a Tax Commissioner as our present one.

Maybe I am old fashioned, but when I vote for someone I find out as much about them as possible. A public official should not only be the best qualified but also the best all around citizen on the ticket from which we make our choice. I ask you to inquire about me and my opponent concerning any habit that we might have that would prevent us from performing the duties of this office. Find out about our honesty with the people we do business with as well as how we treat our fellow citizens.

On November 2, 1965, if you choose me as your Tax Commissioner I promise you that no one will receive a salary from this office that does not work for it. My opponent has paid, during the last three (3) years, his sister, Anna Ihrig, a salary of

\$2028.00 and I have asked many persons if they have seen her working in this office and I have not found one person who has said yes. She is an employee of a local bank. Since my opponent has been in office he has paid Alberta Johnson a salary of \$5216.00. She is my opponent's step-mother and employed by a local resort. I ask you, the voters, have you seen these persons working in your Tax Commissioner's Office? During 1965 my opponent has had his daughter, a student in Hazard High School on the deputy payroll.

Since he has been in office, my opponent has paid his wife a salary of \$25,252.00. I admit that she works in this office about four (4) months out of each year and breaking this down into actual time spent in office you will find it to be about \$40.00 per day.

Your present Tax Commissioner has had available to him for deputy salaries \$33,744.00 and has used all except \$670.00. I ask you, The Taxpayer, is this using your money wisely or using it just because it is available?

Please note that all deputies employed in this office, except one high school student during the year 1961, have been immediate members of your

Tax Commissioner's family. Is this an indication that he does not believe other persons in Perry County are qualified to do this work, or is he deliberately preventing your sons and daughters from learning this office work so he can pass it to his son or daughter as he received it from his father.

If there is any doubt in your minds concerning the salaries paid to these deputies and records concerning same, I would appreciate it if you will contact me and I will be happy to accompany you or anyone else to the Department of Revenue, Frankfort, Kentucky, where the payroll records for this office are kept, and prove these statements to be a true fact.

I pledge to you, the people of Perry County, that if on November 2 you elect me as your Tax Commissioner, the following:

1. Fair and courteous service to each of you.
2. No one will not be paid a salary from your tax dollars that does not work for it.
3. The books will be open for your inspection anytime you desire to see them.
4. Your Tax Commissioner will be in the office and you can talk to him and not just to a

deputy about your tax problems.

5. The persons hired as deputies will not be any member of my family but will be the taxpayers of Perry County or their children.

I am married to the former Lorene Branson, daughter of G. C. and Mary Branson of Lothair. My wife's parents were born at Viper, Kentucky on Mason's Creek. We have a son Gregory in the Fifth Grade at the Lothair Elementary School.

I am a graduate of Eastern Kentucky State College and have a degree in the field of Commerce. I am a former High School Teacher in both the City and County School Systems. My education and experience in taxes qualifies me to readily perform the duties of this office to your satisfaction. My opponent cannot save you one dime more in taxes than I can I challenge him to prove it to you before the election.

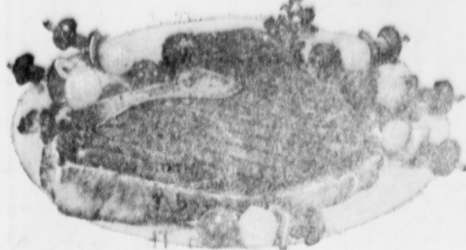

A vote for me, **CLAY FORD**, will be to turn this office back over to the people of Perry County and not to just the one family.

Your vote and influence will be greatly appreciated.

Thank You
CLAY FORD

SAUL

Fathers Start

Work on Bridges;

Lots of Visitors

By Ambrose Rice

The unemployed fathers at Saul are beginning on some bridges over the creeks. They have started three and more are set to start very soon.

Hulda Collins has gone to Indiana for a visit with her children.

Simon Rice, of Austin, Indiana, visited his parents, Mr. and Mrs. Granville Rice over the weekend.

Granville Rice had a new well drilled last week and he is now building a pump house.

Owens Napier has been on the sick list here of late.

Pollie Rice has a very serious case of the flu, she has been to the doctor in Oneida.

Mary Barger and Debbie Martin and family spent two weeks in Indiana and have just arrived back home.

Roy Couch, Jr., is building a new home on Mudlick Fork of Leatherwood.

Claude Barger is putting siding on his house to help fight off old man winter.

Ruth Gibson and family visited in Sizemore over the weekend.

Jason Lawson and wife, Carol, from Winchester visited Mrs. Lawson's grandfather on Sunday.

Mr. and Mrs. Justis Barger, from Cincinnati visited his parents over the weekend.

Louise Barger is home from Cincinnati, where she has been working as a babysitter.

Mary Jane Gibson and Chloe Couch visited Mr. and Mrs. Henry Couch in Leslie County last week.

Sam and Bettie Smith of Austin, Indiana, were weekend visitors at Saul.

Harry Taylor and family, of Indianapolis, were guests of Mary Barger over the weekend.

Sally Burns and family, of Burning Springs, visited their grandparents over the weekend.

Mr. and Mrs. John Delbert are the proud parents of a baby girl. The name, Debra Carol has been chosen.

Samantha Napier, a former resident of Saul, died in Austin, Indiana, on October 18. She was the wife of Rev. Clark Napier.

Harlan and Hattie Woods, of Saul, have a new granddaughter, born October 14.

Archie Barger has been admitted to Hyden Hospital with ulcers.

Part of Kentucky in Ohio

By Green L. Hamblin

Seven weeks of another school year taken care of by Father Time; the six weeks tests and report cards are out of the way for now, and we can turn our thoughts to other things.

I read about UKREA in the Herald. It stirred dour memories of the time when it really seemed to be something. I was generally 'Johnny on the spot' from 1929 to 1961. In the early days many of us in the isolated sections would dismiss school on Wednesday noon and journey to Jackson, Whitesburg, or Hazard by the best means of transportation available. We would often be housed in private homes. My wife and I met at a Whitesburg meeting.

Oh, we had met before, but that time we met for keeps. Oh educational meetings are great, even if for little else but for the young teachers to catch up on their social life.

We had our S.W.O.T.A. yesterday, October 22 at Cincinnati Gardens. Our daughter, Kay Norman, with her two daughters, Carl J. and Teri K., piloted us and Mary Evanshine there and back. Mrs. Evanshine is a transplanted Kentuckian from Pulaski County.

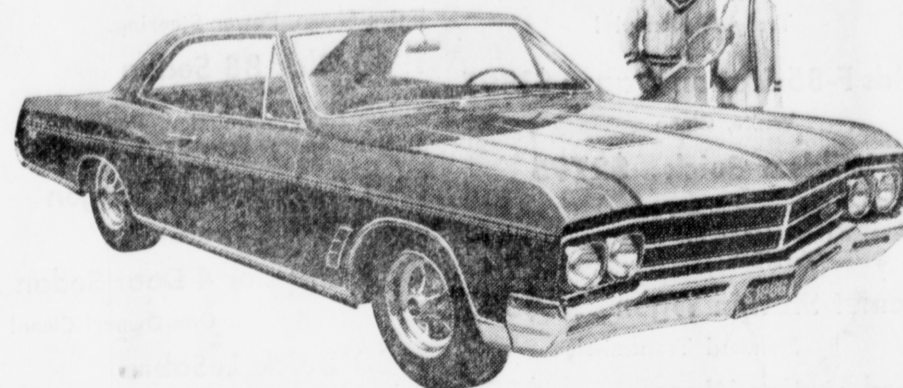

Mrs. Norman Receives B.S. Degree

Mrs. Kay Norman got her B. S. degree from Cumberland College this summer. Pardon the personal reference, but that makes six lower degrees and two Masters' degrees in our family of eight since 1948.

On October 21 2nd Lieutenant Warren Hamblin left for Ft. Bragg, N. C. He will be there till July '66, then his orders now say South Korea. Before going to Ft. Bragg he had been at Ft. Gordon, Ga., for 9 weeks. That makes five we've sent to our Great Country at price of liberty."

BAKER BUICK COMPANY, INC.

EAST MAIN ST.

HAZARD, KY.

Young Kentuckians can enjoy a prosperous future in our state. We act now to build the new roads, schools, parks and health facilities we need. A lot depends on the Kentucky Bond Issue which we will all have an opportunity to vote on November 2nd.

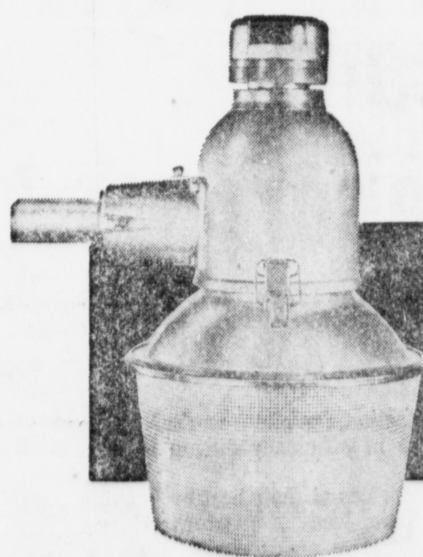

How your "Yes" vote for the Kentucky Bond Issue will help you and help keep Kentucky taxes low

If the Kentucky Bond Issue is passed on November 2nd it will entitle our state to take advantage of \$685 million in Federal Matching Funds and money from other sources, so that we can meet the needs of our state while keeping Kentucky taxes low. It will enable us to build the primary and secondary roads we need as well as the new Appalachian and Interstate systems. We will be able to provide new facilities at our schools, colleges and universities to meet the demand for better education and job training.

We can provide much needed public health facilities, new parks, community libraries, child welfare centers.

So let's not miss the boat. This Bond Issue will benefit all parts of our state, and it requires no increase in taxes. The Kentucky Better Roads Council.

Vote ☒ YES Kentucky Bond Issue, Nov. 2

SAFETY — CONVENIENCE — PROTECTION

DUSK-TO-DAWN

Automatic Outdoor
Lighting Service

ONLY **\$4⁰⁰** MONTHLY

Enjoy automatic safety, protection and convenience around your home, farm, business. Install a Dusk-To-Dawn light now.

It's as automatic as the sunset. A photoelectric cell turns the light on at dusk and off at dawn. Only \$4 monthly brings you the benefits of this automatic outdoor lighting service including (1) installation of the mercury vapor unit — similar to those found in the most modern street lighting systems (2) installation of a pole where necessary (3) complete maintenance including replacement of the lamp (4) all the electricity it uses.

Discourage prowlers, help prevent accidents, add nighttime beauty to your home, farm, business. Install a Dusk-To-Dawn light now.

Furniture Factory Receives Grant From U. S. Air Force

A Letcher County furniture factory which has received a Department of Defense contract and plans to expand operations was cited today as a good example of how small Kentucky industries can benefit from the procurement program.

Letcher Upholstery and Manufacturing Company, Whitesburg, has received a \$48,000 contract from the General Services Administration to supply 680 chairs and 86 couches for Maxwell Air Force Base at Montgomery, Alabama. The announcement of the contract was made jointly by Commissioner of Commerce Katherine Peden and Mrs. Lois A. Baker, president of the company which operates a 10,000 square-foot new plant employing 20 persons.

Mrs. Baker said that the contract, the largest single order ever received by her new company, will mean adding 10 new employees to the plant payroll and will enable the firm to move ahead with expansion plans. "We hope to expand operations by four times our present plant size next spring and increase employment to 100," Mrs. Baker said.

"This is not a large contract but it represents a big opportunity for this small Eastern Kentucky industry," Miss Peden said. "This is really what we are working for in our procurement program for by winning a larger share of federal government procurements small industries, as well as larger industries, in Kentucky can open a new door to profits that will produce growth and expansion."

The second annual procurement conference sponsored by the Kentucky Department of Commerce, the Kentucky Chamber of Commerce and Associated Industries of Kentucky at Louisville last month has already produced results. Miss Peden said jobs on more than \$2,000,000 worth of items have been submitted by Kentucky firms that have never before tried for a share of the federal government dollar.

Until she attended the first procurement conference at Louisville in October 1964 Mrs. Baker said, "I didn't know that government contracts were

available to small industries." Mrs. Baker submitted nine bids to the General Services Administration. Her firm was low bidder on seven bids valued at \$350,000. The \$48,000 contract awarded to Letcher County Upholstery and Manufacturing.

"I think our success in trying for government contracts proves that this is a real opportunity for Kentucky industry," Mrs. Baker said.

Tuckers' Weekend Guests Here

Mrs. Bessie Eversole visited her parents Mr. and Mrs. Green Vanover over the week end.

Mr. and Mrs. James Tucker were weekend guests of Mr. and Mrs. Clarence Eversole.

Mr. and Mrs. Bobby Gene Eversole were weekend visitors at Clarence Eversoles'.

Mrs. Pearl Smith visited Mr. and Mrs. Bobby Combs on Sunday.

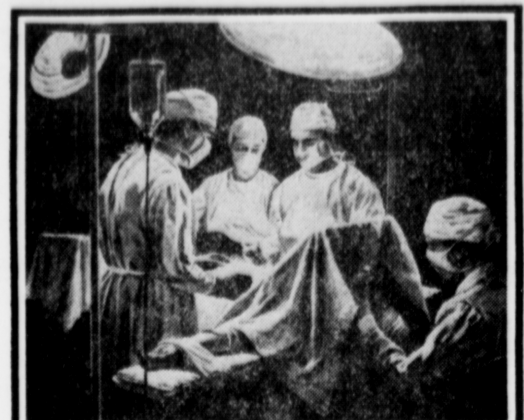

VA Questions And Answers

Q—Would you tell me if a 100 percent disabled veteran can take out a loan on the new GI "J" insurance, and if so how much could he obtain?

A—There are no loan provisions on the new GI "J" insurance that is now being sold to disabled veterans.

Q—I have one dependent and receive pension under the new pension law. What are the income limits for the various rates of pension?

A—With annual income of not more than \$1,000, the pension rate is \$105 monthly; with income of not more than \$2,000, the rate is \$80 and with income of not more than \$3,000, the rate is \$48.

FOR MAYOR

IF YOU CARE--

Vote Dawahare

-- HE CARES FOR YOU

PROVEN PROGRESS

KNOWN INTEGRITY

A SINCERE SERVANT

Show that you Do care Vote for Willie Dawahare HE CARES FOR YOU

It is the day of decision—Tuesday, November 2—for Hazard.

That decision must be to re-elect Willie Dawahare as Mayor.

Hazard has been called the "livest, brightest, busiest city in Eastern Kentucky."

Let us keep it that way. Keep Willie Dawahare on the job.

Mayor Dawahare's record of the past four years as mayor speaks eloquently for itself. The achievements of his administration have been recognized nationally by all of America's mayors.

Mayor Dawahare's devoted determination and tireless work have brought about these accomplishments: cleaning up the city, urban renewal projects, water and sewage systems, new housing, city-wide street improvements and many other things are testimonials to the success of his efforts to better the city and improve the welfare of its citizens in every way.

Even greater tasks lie ahead for Hazard—and Mayor Dawahare. The job of bringing the people of the Lothair community into full partnership and proud responsibility with the citizens of Hazard in the forward march of good citizenship will need the leadership of Willie Dawahare—with his experience and his willingness to sacrifice his personal interests to the general welfare—can give it.

Under Willie Dawahare the city's services—fire

protection, police protection, public works, have shown pleasing progress in efficiency during his last four years.

Let us keep these services at their best by keeping Willie Dawahare as their leader, quarterback and spark-plug.

Certainly the younger citizens will be proud to vote for Willie Dawahare because of his prominent and longtime interest in the welfare of youth, both in the schools and in their work and recreation outside of the schoolroom.

With the many federal and state programs for the benefit of all of Eastern Kentucky, Hazard must keep in stride, indeed in the forefront, of these efforts.

Willie Dawahare has been intimately interested and extremely active in seeing that Hazard shares with the rest of Eastern Kentucky in these great projects.

Let us keep Willie Dawahare in there pitching for us.

It is not reasonable that the people of Hazard would take a chance on breaking up a winning team, when we're ahead of the game.

If you care
Vote Willie Dawahare—
HE CARES FOR YOU.

Jurors Drawn For Nov. Term

I hereby certify that the following is a true list of the names of 60 jurors drawn from the Jury Wheel in Open Court on last day of September Term, 1965, same being, October 2, 1965, for the November Term of Perry Circuit Court commencing on November 8, 1965.

Given Under my hand this the 18th day of October, 1965.

GRACE HOLIDAY STRONG,
Clerk, Perry Circuit Court

ELECT

HARVE HENSLEY

FOR

COUNTY JUDGE

I am your Democrat Nominee for County Judge. So that you voters of Perry County will better know me and my qualifications for your office of County Judge, I would like to make the following information known to you:

I was born in Perry County in 1911, and have always lived here. I was educated in our Perry County Schools and Berea, Berea, Kentucky. I am a 32nd degree Mason and also a Shriner. I served as Justice of the Peace in Magisterial District No. 6 for twelve consecutive years. During that time with the help of my friends, I got more than \$200,000. in rural and state roads built in my district. If elected as your County Judge I promise to work unceasingly to improve the entire county road system.

From 1942 through 1960 I was employed by Blue Diamond Coal Company; Blue Diamond, Kentucky, since that time I have been engaged in the Real Estate Business in Ohio. My wife is the former Miss Sinda Hamilton and she has been Postmaster at Dice, Kentucky for the past twenty three years. We have two children, seven grandchildren, and have reared two foster children. We are members of the Lost Creek Community Church where my wife serves as Treasurer and I am a Deacon.

I want to be your County Judge, and I humbly solicit your support.

If elected I sincerely promise you four years of faithful and devoted service. With your support we will win and Progress.

Sincerely,

—HARVE HENSLEY

COUNTY AGENT NOTES

Agent Instructs Residents On Burning Of Leaves

Paul Keen - County Ext. Agent

Autumn leaves can be a problem or a benefit. You can burn them, creating fire hazards and adding to smog. Or you can use them to provide needed organic matter for your yard and garden. Raking and carrying leaves to the curb for pick-up may take as much time as getting them to a compost pile. Using a rotary mower is the easiest way to break them up, but it may not solve the problem of how to handle the excess that can smother the grass.

Compost piles are not hard to make. Small ones can hold many leaves. One that is 5 feet by 9 feet and 3 feet tall will hold 5 cubic yards of leaves - a dump truck full. One that is 7 feet by 8 feet and 5 feet tall will hold more than twice as much. You can make one this size with a piece of woven wire fencing 30 1/2 feet long (less than 2 rods) and 5 feet high. Reinforce the sides by stapling a few boards to the wire. Put posts or poles in the corners.

Steps in Making the Pile

1. Break up the leaves first with your rotary mower or place them in the pile as you rake them. Broken-up leaves will need little tramping down in the pile. The others should be well tramped.

2. With each 6-8 inches of broken-up or tramped down leaves, add 5 to 6 pounds of 20 percent superphosphate and 3/4 to 1 pound of ammonium nitrate. Two feet of loose leaves should tramp down to about 6 to 8 inches. If they are very dry, water will help settle them. Thus, you build your compost pile with alternate layers of leaves and fertilizer.

The compost will probably decay faster if the leaves are first broken up with a rotary mower. Decay will be faster if you turn the pile by hand several times in the late winter and early spring. Also, small amounts of soil can be added for faster decaying. Complete decay is not necessary.

3. You can use lawn clippings and other refuse, such as vegetable tops, peeling and fruit wastes. Do not include fats, meats, scraps, seeds, or pits which attract rats and mice. Know your local regulations in regard to what cannot be put

in your compost pile.

Use material from your com-
post pile to mix with your gar-
den soil before plowing or till-
ing, to place around your flow-
ers, shrubs, and trees, or to
scatter on your lawn in the
spring.

Air Force Recruiter Says Manpower Needs To Be Filled

Sargent Hammonds stated that the U. S. Air Force is rapidly meeting its increased manpower objective and does not expect this new program to stay in effect for a long period of time, and urges all men with previous service in-
terested in learning more about this program to contact him at the USAF Recruiting office, 7, Main Street in downtown Pikeville, Kentucky. If unable to come in to see him, he may be reached by telephoning 432-2159.

(Pd. Pol. Adv.)

RE-ELECT

JESSIE HORN
FOR
COUNTY COURT CLERK
NOVEMBER 2, 1965

Dear Friends:

I am asking for your support November 2nd, in my race for re-election to the office of County Court Clerk. When first elected I promised you that I would operate the office honestly and efficiently, and that every person coming into the office would be treated with courtesy and respect.

Since that time, your Clerk's office has been operated on a business like basis. Documents are usually recorded the day they are lodged, they are proof read, properly indexed, filed and kept securely until called for. Every effort is made to insure the safety and sanctity of your records, which represent your most valuable possessions. All deeds, marriage and index books, current mortgage and lease books were microfilmed last year to doubly insure their safety. This year two map or plat books were photo-copied and rebuilt. A strict accounting is made of all funds collected, and collections are sent promptly to the proper agency. I have been audited every year, except the current year, and our records have always been in order. The PERRY County Clerk's Office ranks with the best in the State.

My well qualified and well trained staff keep abreast of all changes in motor registration laws. We are able to advise truckers in the registration of their vehicles, and quite often can save them considerable money.

We have one of the most up to date and well kept index systems in Eastern Kentucky. We always help, in any way we can, the various agencies that use our records.

As Clerk of the Fiscal Court, I try to be as careful about the county's money as I am my own. The Clerk's office is operated completely from fees. Since I have been Clerk, we have paid all expenses, bought such equipment as was necessary to operate the office efficiently, and still have been able to turn more than \$60,000.00 in fees back to the County.

In election matters, every effort has been made to be impartial and fair. We have never tried to influence anyone's registration, or to persuade anyone to change their registration. The office has been kept open extra hours and special registrations have been held out in the county for the benefit of both parties. Election information has been made available to candidates on both tickets, without partiality. Election records are safeguarded as are all other records.

We have always been willing and are usually able to help you with your minor problems, such as obtaining a birth certificate, filling out questionnaires and notarizing documents. We have never charged anyone for these services, and certainly don't intend to start now.

Being Clerk is a full time job for me. The office is kept open extra hours on many occasions, such as the last days of car licensing, and registrations. During the summer of 1960, when Veterans were needing to record their Military Discharges for the Veteran's Bonus, we worked 12 to 14 hours a day to help them. If such an occasion arises again, we will do it again. Someone from my office is always available, in case of emergency, to go back to the office and look up any records needed. We are your friend and ready to help you every day of every year, NOT JUST ELECTION YEARS.

The increased volume of business and the changes in laws and regulations have necessitated many changes in the operation of the office, but basically we are the same. Today we are giving you the same courteous, honest and efficient service I promised when first elected. If re-elected, I will continue to do so.

When you go to the Polls on NOVEMBER 2nd, cast your vote for your best interest and re-elect **JESSIE HORN**, a person of proven integrity, willingness and ability, as your County Court Clerk.

Your support and influence will be greatly appreciated.
JESSIE HORN

Eagles Bad Luck Continues As Two Points Spell Defeat

A safety spelled the difference between a win or tie and a loss for Morehead State College Saturday as Ohio Valley Conference leader Middle Tennessee defeated the Eagles 30-28.

The safety occurred in the second quarter with Middle Tennessee leading 14-6. The Eagles had the ball on their own 21 yard line and reserve quarterback Larry Chinn retreated to the end zone and intentionally grounded a pass. As a result of the infraction, Middle Tennessee was awarded a safety.

The Eagles trailed 30-6 in the third quarter, but came back strong. With 5:04 left in the third quarter, Dennis Brown scored from the two and from that point on, it looked like an upset was in the making.

The Eagles scored twice in the fourth quarter on passes of 30 and 27 yards from quarterback Mike Gottfried to end Rico King and halfback Tommy Gray. The last score came with 1:27 remaining. The Eagles attempted an off-side kick which was recovered by the Blue Raiders who stalled out the remaining time.

"Our play was very spotty, but I was proud of the comeback bid our boys made," said Morehead Coach Guy Penny. "You can't give a team like Middle Tennessee a 30-6 lead and then expect to scare them the way we did in the fourth quarter. Middle Tennessee is a fine football team," Penny added.

"Mike Gottfried did an outstanding job of throwing the football Saturday," Penny said. "He completed 12 of 24 for 173 yards, two touchdowns, and one two point conversion. Mike got off to a slow start completing only 2 of 13, but finished with 10 completions in 11 attempts. If we could have gotten the ball on the off-side kick, I believe he would have taken us within scoring range again," Penny added.

"I was impressed with the running of freshman halfback Leon Wesley," Penny said. "This was his first action in varsity competition and he was a real surprise to us. He has real good speed, and he ran hard every time he carried the ball Saturday. Wesley led our rushers with 88 yards in 15 carries," Penny added.

"We have to be pleased with both of our units," Penny said. "They made mistakes the first half that broke our back, but they gave the finest come-back effort I have ever seen at Morehead in the second half."

"We have had two tough games the past two Saturdays with Austin Peay and Middle Tennessee, and we will have our hands full again this week with East Tennessee," Penny said. "East Tennessee has a fine team and they have lost a couple of games that could have gone either way."

"I hope our boys can push aside the disappointment of losing the Middle Tennessee game and bounce back for East Tennessee," Penny said. "We are both 1-3 in conference play, and the winner Saturday could finish the season on a bright note by winning the remainder of its games," Penny added.

The Eagles will host East

E&H Bond Sales Total \$15,302

Series E and H Savings Bonds sales in Perry County during September were \$15,302 bringing the year's sales to \$192,390 or 62.5% of the County's annual goal of \$307,800.

For Kentucky, sales for the month totaled \$4,264,791 while cumulative sales reached \$39,495,454 or 73.1% of the \$54,000,000 annual goal.

Nationally, the sales in September were \$342 million. The cash value of both series outstanding reached \$48,993.5 million for a gain of \$628 million since January 1st.

CONGRATULATIONS to the citizens and volunteers of the following counties exceeding their annual goals: CARLISLE, FAYETTE, MONROE, PENDLETON, AND WOLFE.

Bond sales in Knott County for September were \$2,238; Breathitt, \$21,591; Harlan, \$101,102; Leslie, 1,716; Letcher County, \$34,079; Pike, \$31,106; Floyd \$39,819.

TAKE YOUR FAMILY TO CHURCH THIS SUNDAY

5 EASY 5 HARD
by Sanders Petrey

1. In the FIRST CHAPTER of the Bible there is a GENERAL presentation of an orderly step by step Creation largely corresponding to present scientific theories, but why in the SECOND CHAPTER do we find a reverse order?

And in addition to this, why are so many things UPSIDE DOWN like:

- Why does the water come UP from the ground instead of FALLING from the sky?
- Why is Man formed BEFORE the Garden of Eden?
- Why does the river flow OUT of the Garden to water it instead of INTO it to water it?
- Why does the one river flow out into 4 rivers instead of the 4 rivers joining to make one great river?
- Why is a restriction concerning eating of fruit of one tree mentioned here and not specified or even hinted at in the first chapter?
- Why is there such an emphasis in this second chapter on names and places and no specific places in the first chapter?
- Why does Adam meet the animals before he meets one of his own kind?
- Why is there a special emphasis on the creation of Woman individually here when in the first chapter it says "Male and Female He created them"?
- Is it possible that there already were or had been other people on earth at the time God revealed Himself to Adam?

AUTHORS NOTE: Last week we received letters from three persons who had perfect scores: Edith Combs of Happy, George H. Kawaja and Rip Stevens of Hazard.

However the Monday's edition that carried the questions was delayed a bit and some were confused as to the deadline on answering.

Today's questions will be answered on this same page next Thursday and there will be ample time for replying. This Church Page will continue to alternate with questions one Thursday and answers the next. Deadline for replies will be a Tuesday postmark.

Today's questions are very deep. These things were put in the Bible for revelation and certainly not to be shunned or passed over.

We welcome all the insight our readers can give us on them. Those who have been responding to this column have shown a keen awareness concerning the Scriptures and their answers have been inspirational.

LOST

One Diamond ring with two large stones set in a twist and small stones on each side, lost on Main Street in Hazard, Wednesday, September 1. This ring is of great sentimental value since it was the last thing my husband bought for me before his death. There will be a \$50.00 reward. Contact Mrs. Calvin Clemons, phone 6-4095, Airport Gardens, Ky.

BEAT BEAT BEAT SILLY WILLIE For MAYOR

IS IT SILLY???

1. IS IT SILLY for a Mayor of a town to love the town and its people so much that he is willing to work night and day for their benefit?
2. IS IT SILLY for him to make numerous trips to Washington on behalf of the youth of this mountain area that they may be assured a brighter future?
3. IS IT SILLY for him to work continuously paving the way for progress in this mountain area?
4. IS IT SILLY that out of the kindness of his heart he will say a kind word to keep a child in school or help him further his education.
5. IS IT SILLY that he is so full of energy that he stays on the go, with one goal in mind, betterment for HAZARD and its citizens?
6. IS IT SILLY that he is always ready and willing to do any job, no matter how big, for this town and its people?
7. IS IT SILLY that through his efforts people throughout the U. S. and overseas have heard of this town, its progress and its future.
8. IS IT SILLY for an elected official to love his town so much that he wants to bring prosperity to it?
9. IS IT SILLY for him to be loved by our youth? They know that he is interested in their welfare and through him, they are assured a future.
10. IS IT SILLY for him to run for re-election, to finish a job that he has started, that of making this city into one that we all can be proud to live in?

IF THE ABOVE IS BEING SILLY, THEN I AM A SILLY WILLIE BOOSTER AND PROUD TO SAY I AM. Won't you join the parade and march to the polls on Election Day, November 2. He has paved the way for a brighter future for our mountain youth, they are our citizens of tomorrow. REMEMBER A VOTE FOR WILLIE ON NOVEMBER 2 is a Vote for CONTINUED PROGRESS AND A MUCH BRIGHTER FUTURE FOR HAZARD.

FOR JUSTICE TEMPERED WITH MERCY

Re-Elect DON C. FOUTS

POLICE JUDGE

IF RE-ELECTED:

I shall, as I have in the past, be available at any hour of the day or night. I shall, as I have in the past, try each case on its merit and according to the evidence presented in the case. I shall endeavor, as I have in the past, to treat each man brought before me as I would want to be treated, and to treat their sons as I would want my son treated.

I wish to say that I have really enjoyed my term as your Police Judge and sincerely hope that you feel that I have done a good enough job for you to want to continue me in this office for another term.

I am the father of four children: Staff Sgt. Don Marshall Fouts, stationed at Ft. Lewis, Washington; C.L. "Jitter" Fouts, who is associated with me in the operation of Don's Restaurant in Hazard; Gene Porter Fouts who is a senior in engineering at the University of Kentucky; and Susan Brock Fouts, who is a freshmen at the University of Kentucky.

Thanking you from the bottom of my heart for the honor bestowed upon me by you four years ago, and hoping that you may see fit to re-elect me Tuesday November 2. I

SINCERELY, DON C. FOUTS
